For

#### State/Territory: Maryland

#### FFY 2012-2013

This Plan describes the CCDF program to be administered by the State/Territory for the period 10/1/2011 - 9/30/2013. As provided for in the applicable statutes and regulations, the Lead Agency has the flexibility to modify this program at any time, including amending the options selected or described herein.

For purposes of simplicity and clarity, the specific provisions printed herein of applicable laws and regulations are sometimes paraphrases of, or excerpts and incomplete quotations from, the full text. The Lead Agency acknowledges its responsibility to adhere to them regardless of these modifications.

Public reporting burden for this collection of information is estimated to average 162.5 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

#### **1.2 Estimated Funding**

# 1.2.1 What is your expected level of funding for the first year of the FY 2012 - FY 2013 plan period?

The Lead Agency estimates that the following amounts will be available for child care services and related activities during the 1-year period from October 1, 2011 through September 30, 2012. (§98.13(a)).

FY 2012 Federal CCDF allocation (Discretionary, Mandatory and Matching): \$ \$79,838,163 Federal TANF Transfer to CCDF: \$ \$10,285,667 Direct Federal TANF Spending on Child Care: \$ \$10,285,667 State CCDF Maintenance-of-Effort Funds: \$ \$23,301,407 State Matching Funds: \$ \$30,075,721

**Reminder** - Lead Agencies are reminded that not more than 5 percent of the aggregate CCDF funds, including federal funds and required State Matching funds, shall be expended on administration costs (§98.52) once all FY2012 funds have been liquidated. State Maintenance-of-Effort funds are not subject to this limitation.

1.2.2 Which of the following funds does the Lead Agency intend to use to meet the CCDF Matching and maintenance-of-effort (MOE) requirements described in 98.53(e) and 98.53(h)? Check all that apply.

Territories not required to meet CCDF Matching and MOE requirements should mark N/A here

**Note:**The Lead Agency must check at least public and/or private funds as matching, even if pre-kindergarten (pre-k) funds also will be used.

Public funds to meet the CCDF Matching Fund requirement. Public funds may include any general revenue funds, county or other local public funds, State/Territory-specific funds (tobacco tax, lottery), or any other public funds. If checked, identify source of funds:

CCDF MOE and Match is from general funds appropriation (expenditure at MSDE & DHR) and the Pre-K expenditures methodology using the average State Aid per student (FTE).

If known, identify the estimated amount of public funds the Lead Agency will receive:  $\square$  Private Donated Funds to meet the CCDF Matching Fund requirement. Only private received by the designated entities or by the Lead Agency may be counted for match purposes. (98.53(f))

If checked, are those funds:

donated directly to the State?

☐ donated to a separate entity(ies) designated to receive private donated funds? If checked, identify the number of entities designated to receive private donated funds and provide name, address, contact and type:

If known, identify the estimated amount of private donated funds the Lead Agency will receive:

State expenditures for Pre-K programs to meet the CCDF Matching Funds requirement.

If checked, provide the estimated percentage of Matching Fund requirement that will be met with pre-k expenditures (not to exceed 30%): 30%

If percentage is more than 10% of the Matching fund requirement, describe how the State will coordinate its pre-k and child care services:

Prekindergarten and child care services are coordinated through the efforts of the Early Childhood Advisory Council (ECAC) and the Judith P. Hoyer/Head Start State Advisory Council.

If known, identify the estimated amount of pre-k funds the Lead Agency will receive for

Matching Funds requirement: \$10,462,134

Describe the Lead Agency efforts to ensure that pre-k programs meet the needs of working parents:

Many Maryland elementary schools work collaboratively with qualified vendors to provide on-site before and after school child care for families requiring care for their child during the hours when school is not in session and during the summer months. School age child care is available at many locations in every Maryland jurisdiction.

State expenditures for Pre-K programs to meet the CCDF Maintenance of Effort (MOE) requirements.

#### If checked,

The Lead Agency assures that its level of effort in full-day/full-year child care services has not been reduced, pursuant to 98.53(h)(1).

Estimated percentage of MOE Fund requirement that will be met with pre-k expenditures (not to exceed 20%): 20%

If percentage is more than 10% of the MOE fund requirement, describe how the State will coordinate its pre-k and child care services to expand the availability of child care:

Prekindergarten and child care services are expanded through the coordinated efforts of the statewide network of Judy Centers and local Memorandum of Agreement.

If known, identify the estimated amount of pre-k funds the Lead Agency will receive for MOE Fund requirement: \$4,660,281

Describe the Lead Agency efforts to ensure that pre-k programs meet the needs of working parents:

Collaborative policies are in place that allow children to be transported to and from the child care placement to the elementary public school program. Public school program hours provide services during the work hours that parents need care for their children.

**1.2.3 Describe the activities for which quality funds (including targeted quality funds for infants and toddlers, school-age children, and resource and referral) will be used in FY 2012.** In as much detail possible, list the activities that will be funded, the estimated amount of CCDF quality funds that will be used for each activity, and how these activities relate to the Lead Agency's overall goal of improving the quality of child care for low-income children.

#### **1.3 CCDF Program Integrity and Accountability**

Program integrity is defined to include efforts that ensure effective internal controls over the administration of CCDF funds. The Lead Agency is responsible for monitoring programs and services, ensuring compliance with the rules of the program, promulgating rules and regulations to govern the overall administration of the plan and oversee the expenditure of funds by sub-grantees and contractors. (§ 98.11(b)) Accountability

measures should address administrative error, which includes unintentional agency error, **as well as address** program violations, both unintentional and intentional, that may or may not result in further action by the Lead Agency, including those cases suspected of and/or prosecuted for fraud.

**1.3.1. Describe the strategies the Lead Agency will utilize to ensure effective internal controls are in place.** The **description** of internal controls may include, but is not limited to a description of processes to ensure sound fiscal management, to identify areas of risk or to establish regular evaluation of control activities. Describe:

The overall internal control process for administration of CCDF Funds is described in the *Internal Control and A-133 Combined Risk Assessment* document developed and implemented by the Lead Agency's Division of Early Childhood Development. Guidance is provided within the document so that:

Transactions are properly recorded and accounted for to:

- Permit the preparation of reliable financial statements and Federal reports;
- Maintain accountability over assets; and
- Demonstrate compliance with laws, regulations, and other compliance requirements;
- Transactions are executed in compliance with:

- Laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on a Federal

#### program; and

- Any other laws and regulations that are identified in the compliance supplements; and
- Funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements. Statement on Auditing Standards No. 78 (SAS 78), *Consideration of Internal Control in a Financial Statement Audit*, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA) and a related AICPA audit guide, *Consideration of Internal Control in a Financial Statement Audit*, incorporate the components of internal control presented in the COSO Report.

Characteristics of internal control are described relating to each of the five components (*Control Environment, Risk Assessment, Control Activities, Information and Communication, and Monitoring*) that should reasonably assure compliance with the requirements of Federal laws, regulations, and program compliance requirements. A description of the components of internal control and examples of characteristics common to the 14 types of compliance requirements are included in the *Internal Control and A-133 Combined Risk Assessment* document. Objectives of internal control and examples of characteristics specific to each of 13 of the 14 types of compliance requirements are also included.

The 13 compliance requirements outlined with objectives for internal controls include the following:

Activities Allowed or Unallowed Allowable Costs/Cost Principles Cash Management Davis-Bacon Act Eligibility Equipment and Real Property Management Matching, Level of Effort, Earmarking Period of Availability of Federal Funds Procurement/Suspension/Debarment Program Income Real Property Acquisition and Relocation Assistance Reporting Subrecipient Monitoring Special Tests and Provisions

Child Care Subsidy: Under a MOU the Department of Human Resources has responsibility for determining eligibility for child care subsidy. The Office of Child Care – Subsidy Branch monitors case records in local departments of social services once during an 18 month cycle to determine if they are in compliance with State and federal regulations. To monitor the cases, MSDE staff conduct an entrance conference to explain the procedures and goals of the review. An exit conference is also conducted to share the informal findings of the review with staff. The data is compiled from the review into a formal written report and sent to the local department. If the results show a significant need for improvement, MSDE works with the local department to draft and implement a corrective action plan. In addition to assisting with the implementation of the changes, MSDE organizes and conducts training and/or technical assistance that focuses specifically on the local department's needs.

Services and resources for assisting parents locating care are provided through a competitive bid process. Currently awarded to the Maryland Family Network and the Maryland Child Care Resource Network, these contracts are monitored by MSDE grant management staff to ensure that contract standards and reporting requirements are met. Regular reports are submitted, reviewed and evaluated.

**1.3.2. Describe the processes the Lead Agency will use to monitor all subrecipients.**Lead Agencies that use other governmental or non-governmental subrecipients to administer the program must have written agreements in place outlining roles and responsibilities for meeting CCDF requirements. (98.11 (a) (3))

**Definition:** A sub-recipient (including a sub-contractor and or sub-grantee) is a non-Federal entity that expends Federal awards (contract or grant) received from another entity to carry out a Federal program, but does not include a vendor nor does it include an individual who is a beneficiary of such a program. OMB Circular A-133 Section 210 provides additional information on the characteristics of a **sub-recipient and vendor** (http://www.whitehouse.gov/omb/circulars/a133\_compliance\_supplement\_2010). The description of monitoring may include, but is not limited to, a discussion of written agreements, fiscal management, review of policies and procedures to ensure compliance with CCDF regulations, monitoring/auditing contractors or grantees to ensure that eligible children are served and eligibility documentation is verified, and establishing performance indicators or measures related to improper payments. Describe:

All grants, contracts, and interagency agreements are established through written proposals that are reviewed for content and deliverables. All grants, contracts and interagency agreements are monitored by an assigned Division of Early Childhood Development staff person, based upon the terms of the grant/contract. All are subject to reporting requirements, to include deliverables, financial reports and progress in meeting contract requirements. Interim and final reports are required for all grants/contracts.

Monitoring includes the review of:

• Program progress reports, invoices and documentation to ensure accurate billing and that the budget is within contract guidelines;

- Statistical data to meet contract/grant requirements, such as the number of training sessions held, attendance records for training sessions, satisfaction survey results, pre and post-testing results, and child and/or program improvement documentation, as applicable and
- Contract/grant deliverables and expenditure data with applicable documentation. The agency reviews invoices, policies and procedures to ensure compliance in accordance with the requirements of the grant/contract.

If determined necessary, a site visit will determine compliance based upon general program standards and documentation determined by specific grant/contract requirements.

**1.3.3. Describe the activities the Lead Agency will have in place to identify program violations and administrative error to ensure program integrity using the chart below.** Program violations may include intentional and unintentional client and/or provider violations as defined by the Lead Agency. Administrative error refers to **areas identified through the Error Rate Review** process (98.100). Check which activities, if any, the Lead Agency has chosen to conduct.

Type of Activity	Identify Program Violations	Identify Administrative Error
Share/match data from other programs (e.g. TANF, Child and Adult Care Food Program (CACFP), Food and Nutrition Service (FNS), Medicaid))

### 1.3.5. What type of sanction, if any, will the Lead Agency place on clients and providers to help reduce improper payments due to program violations?

None

Disgualify client.

If checked, please describe, including a description of the appeal process for clients who are disqualified

If fraud is suspected for a customer, the local department or the DHR Office of the Inspector General must obtain proof and share the findings with the customer. The customer is then presented either in writing or in person with an OIG 7 waiver form which allows the customer to sign the form and admit to offering misleading infomation, which allows them to avoid the hearing process. If the customer chooses not to sign the waiver within 10 days, the case is automatically referred to the Office of Administrative Hearings on the customer's behalf to be heard by an Administrative Law Judge (ALJ). The ALJ will schedule the hearing, review the case and render a decision.

If fraud is substantiated for a customer, the local department shall send written notice of 5 days adverse action. Sanctions are: for the first violation, a customer may not receive any Child Care Services for 6

months from the date payment was denied or until full restitution is made, whichever is earlier. For the second violation, the customer may not receive any Child Care Services for 12 months from the date the payment was denied or until full restitution is made, whichever is earlier. For the third violation, the customer shall be permanently barred from receiving Child Care Services and shall pay restitution.

# **1.4.2.** Describe the Statewide/Territory-wide public hearing process held to provide the public an opportunity to comment on the provision of child care services under this Plan. $(658D(b)(1)(C), \S\S98.14(C))$ . At a minimum, the description should include:

a) Date(s) of notice of public hearing: 04/08/2011 **Reminder** - Must be at least 20 days prior to the date of the public hearing.

b) How was the public notified about the public hearing? The notice of the public hearing was published in the Maryland Register on April 8, 2011 and April 22, 2011. The Notice of the Public Hearing was posted on the MSDE website, and e-mailed to contractors, advocates, stakeholders, other interested parties and child care providers in our system. A Press Release was distributed to the Baltimore Sun newspaper and all local newspapers.c) Date(s) of public hearing(s): 05/26/2011 **Reminder** - Must be no earlier than 9 months before effective date of Plan (October 1, 2011).

d) Hearing site(s) Maryland State Dept. of Education, 200 W. Baltimore St. Baltimore MD 21201 e) How was the content of the Plan made available to the public in advance of the public hearing(s)? The plan was posted on the MSDE website and sent to stakeholders via email and regular mail. A draft copy of the plan was posted on the MSDE website and sent electronically to the Office of Child Care Advisory Council, contractors, advocates, providers and other interested parties. Draft copies of the State Plan were distributed at the April 9, 2009 Office of Child Care Advisory Council meeting for review and comments. Members were encouraged to share the summary with their constituents and partners and forward comments to MSDE.

f) How will the information provided by the public be taken into consideration in the provision of child care services under this Plan? The information provided by the public is recorded, categorized, summarized and presented to Lead Agency representatives in order to inform the provision of child care services under the plan.

**1.4.3. Describe any strategies used by the Lead Agency to increase public consultation on the Plan or access to the public hearing.** For example, translating the public hearing notice into multiple languages, using a variety of sites or technology (e.g., video) for the public hearing, holding the hearing at times to accommodate parent and provider work schedules.

#### 1.4.3. Describe:

The Office of Child Care provided wide dissemination of the Plan through email, the MSDE website, OCC Advisory Council membership and provider groups and organizations. The Plan was presented to child care providers and administrators at the Maryland State Child Care Conference on May 13, 2011.

#### **1.5. Coordination Activities to Support the Implementation of CCDF Services**

Lead Agencies are required to *coordinate* with other Federal, State, local, Tribal (if applicable) and private agencies providing child care and early childhood development services

**Definition** - *Coordination* involves child care and early childhood and school-age development services efforts to work across multiple entities, both public and private (such as in connection with a State Early Childhood Comprehensive System (SECCS) grant or the State Advisory Council funded under the Head Start Act of 2007). (658D(b)(1)(D), §§98.12(a), 98.14(a)(1))

1.5.1. Identify and describe in the table below with whom the Lead Agency coordinates in the delivery of child care and early childhood and school-age services (§98.14(a)(1)).

Agency/Entity (check all that apply)	Describe how the Lead Agency will coordinate with this Agency/entity in delivering child care and early childhood	Describe the goals or results you are expecting from the coordination
	services	Examples might include increased supply of full-day/full-year services, aligned eligibility policies, blended funding, or access to more training and technical assistance resources shared across agencies.

L		
Representati ves of general purpose local government (required) This may include, but is not limited to: representativ es from counties and municipalities , local human service agencies, local education representativ es (e.g., school districts), or local public health agencies.	By statutory requirement, representatives of local government participate in the OCC Advisory Council. Through the State's Advisory Council on Early Childhood Education and Care, a broad range of state stakeholders, including local government, work to establish and coordinate services across programs for low income families with young children. Services provided include, but are not limited to child care, physical and mental health needs, early education, inclusion of children with disabilities and special health needs and other family support needs.	Parent access to child care, coordination of services across a wide variety of programs, consolidated message on school readiness results for the early care and education communities and local governments, continued growth in school readiness especially among groups with the lowest school readiness scores.
State/Territor y agency responsible for public education (required) This may include, but is not limited to, State/Territor y pre- kindergarten programs (if applicable), programs serving school-age children (including 21st Century Community Learning Centers), or higher education.	The Office of Child Care is within the Maryland State Department of Education and is a participant in regular meetings of the Maryland State Department of Education (MSDE), Maryland Higher Education Commission, the Deans and Directors of Two and Four Year Colleges, the Maryland Consortium of Two and Four Year Colleges, the Maryland School-Age Child Care Alliance and the MSDE Early Learning Branch. These organizations are represented on the OCC Advisory Council. Staff members from the OCC serve on committees and workgroups with the State's public education agencies and organizations. The Office of Child Care coordinates with the Early Learning branch and all other branches in the Division of Early Childhood Development to ensure our progress toward consistent goals and to provide training and services across all programs.	Increased collaboration and partnership between early childhood and local school systems. Coordination of services and training across Department of Education divisions to meet statewide goals for quality improvement in early childhood and school readiness. Increase the number of child care providers with college degrees in early childhood/education. The Strategic Plan of MSDE's Division of Early Childhood Education can be found at http://www.marylandpublicschools.org/M SDE/divisions/child_care/planning

9	Other Federal, State, local, Tribal (if applicable), and/or private agencies providing early childhood and school- age/youth- serving development al services (required)	The Maryland State Department of Education (MSDE) is the lead agency for the administration of the CCDF. The Department of Human Resources (DHR) is the lead agency for the administration of TANF. Through a Memorandum of Understanding (MOU), DHR determines eligibility for child care subsidy services. The MSDE collaborates with DHR, the Governor's Office for Children (GOC), Department of Health and Mental Hygiene (DHMH), Department of Business and Economic Development, (DBED) as well as local governments and resource and referral agencies for the purpose of promoting common policies and practices for all child care related services. This coordination enables the provision of joint training to child care providers that enhances their ability to help young children develop the thinking, language, numeracy, early literacy, social and physical skills necessary for school success.	Coordination of services and training for child care providers, children and families, especially for children with special needs and those identified as low income.
	State/Territor y agency responsible for public health (required) This may include, but is not limited to, the agency responsible for immunization s and programs that promote children's emotional and mental health	The Maryland Department of Health and Mental Hygiene (DHMH), and staff from the Division of Early Childhood Development (DECD) serve on the State Interagency Coordinating Council for Infants and Toddlers, the State's Early Childhood Mental Health Steering Committee, Inclusive Child Care Workgroup, and the Healthy Child Care Maryland Workgroup. Representatives from the State's public health agencies and organizations participate in the State's Advisory Council on Early Childhood Education and Care that works to establish and coordinate services across programs for low income families with young children. Some of the services provided include child care, physical and mental health needs, early education, inclusion of children with special needs and other family support needs.	The Lead Agency coordinates with the Maryland Department of Health and Mental Hygiene (DHMH) for the provision of training for child care providers, information on Medication Administration policies and procedures and training outcomes for chld care providers with the common goal of ensuring children's health and safety regarding the administration of medicine in child care settings. DHMH provides guidance to the Lead Agency on Asthma Friendly Child Care and other special health issues with the goal of increased inclusion of children with special health needs in child care programs. DHMH and MSDE coordinate to develop consistent health policies and forms for use in child care and school settings.
	State/Territor y agency responsible for employment services / workforce development (required)	The Maryland Department of Business and Economic Development (DBED) is represented on the Office of Child Care (OCC) Advisory Council, as mandated by statute. The Office works in collaboration and coordination with DBED to identify workforce development issues and strategies. Such strategies include job fair opportunities and joint information sharing sessions.	The goal of the Maryland Department of Business and Economic Development is to provide programs that help increase the availability of child care and to promote the state's business and economic development. The Maryland Department of Business and Economic Development provides loan guarantees to child care providers through the Maryland Industrial Development Financing Authority program.

N	y agency responsible for providing	The Maryland Department of Human Resources (DHR) has the responsibility for administering TANF services. MSDE and DHR have developed a Memorandum of Understanding (MOU) that stipulates that DHR continues to determine eligibility for child care subsidy services.	The goal of the Maryland Department of Human Resources is to ensure that TANF -eligible families have access to child care and they receive services for which they are eligible, enabling parents to work and children to be in settings that prepare them to enter school ready to learn.

2	Statewide Advisory Council authorized by the Head Start Act	The Maryland State Department of Education	Increased access of young children to quality early education and care, increased support for parents as their child's first teacher, and increased services available that contribute to child well-being.
V	State/Territor y agency responsible for the Child and Adult Care Food Program (CACFP)	The Maryland State Department of Education, Community Nutrition Programs Branch administers the CACFP. The Office of Child Care collaborates and consults with the Community Nutrition Programs Branch.	Increased number of child care programs participating in the CACFP, improved nutrition practices resulting in more children entering school ready to learn, resource and technical assistance sharing to improve provider knowledge of child nutrition and healthy eating habits.

	State/Territor y agency responsible for programs for children with special needs	MSDE's Division of Special Education and Early Intervention and the Division of Early Childhood/Office of Child Care participate in a workgroup focusing on inclusive child care.	The result of coordination is that children with special needs will be included in child care settings and that all services provided through Special Education and Early Intervention will take place in the natural environment and child care providers will be included in training opportunities.
	This may include, but is not limited to: State/Territor y early intervention programs authorized under the Individuals with Disabilities Education Act (Part C for infants and toddlers and Section 619 for preschool), or other State/Territor y agencies that support children with special needs		
V	State/Territor y agency responsible for implementing the Maternal and Early Childhood Home Visitation programs grant	A representative of the Department of Health and Mental Hygiene, responsible for implementing the Home Visitation Programs grant serves on the OCC Advisory Council. MSDE and OCC are collaboration and coordination partners in the Home Visitation grant application process.	The result of coordination is that home visitors will receive information about child care settings, resources available such as Healthy Beginnings early learning guidelines, and that they will provide information to child care providers and parents to address the unique needs of the child, home, family and provider.
N	State/Territor y agency responsible for child welfare	Through membership on the OCC Advisory Council, by statutory requirement, representatives of the Maryland Department of Human Resources make recommendations to the Office of Child Care on the CCDF Plan.	The goal is that all families recieve the services for which they are eligible.

State Advisory Council (as described under the Head Start Act of 2007).

If yes, describe entity, age groups and the role of the Lead Agency

Maryland State Department of Education is responsible for convening and staffing the State Advisory Council on Early Childhood Education and Care (State Advisory Council). The Council is charged with facilitating a strong and steady improvement in early care and education, and after reviewing Maryland's history of progress, the Council has developed a three year action plan for 2009-2012 identifying three goals. 1. All children birth through age 5 will have access to adequate and equitably funded quality early care and education programs that meet the diverse needs of families. 2. Families of all young children will have access to the resources needed to be their child's first teacher. 3. Children, birth through age five, will have access to adequate and equitable resources that will enable them to arrive at school with healthy minds and bodies. Age groups: birth through school-age.

Yes.

If yes, **describe** these activities or planned activities, including the tangible results expected from the public-private partnership:

MSDE has developed a number of public-private partnerships to support child care needs:

- Maryland Business Roundtable/Ready at Five Partnership promotes early care and education in all settings and disseminates annually, the MMSR Kindergarten Assessment information to child care providers and provides information for parents;
- Johns Hopkins University/Center for Technology in Education is developing and will be administering, in partnership with MSDE, the state's QRIS; JHU/CTE has a similar partnership for young children with disabilities; and
- MSDE entered into a partnership with Northrop-Grumman to provide a Science, Technology, Engineering and Mathematics (STEM)-related preschool project in early care programs.

#### **1.6. Child Care Emergency Preparedness and Response Plan**

It is recommended, but not required, that each Lead Agency develop a plan to address preparedness, response, and recovery efforts specific to child care services and programs. Plans should cover the following areas: 1) planning for continuation of services to CCDF families; 2) coordination with other State/Territory agencies and key partners; 3) emergency preparedness regulatory requirements for child care providers; 4) provision of

temporary child care services after a disaster; and 5) rebuilding child care after a disaster. For further guidance on developing Child Care Emergency Preparedness and Response Plans see the Information Memorandum (CCDF-ACF-IM-2011-XX) located on the Office of Child Care website at:

http://www.acf.hhs.gov/programs/ccb/law/state\_topic\_emergency.htm

# 1.6.1. Indicate which of the following best describes the current status of your efforts in this area. Check only ONE.

**Planning.** Indicate whether steps are under way to develop a plan. If so, describe the time frames for completion and/or implementation, the steps anticipated and how the plan will be coordinated with other emergency planning efforts within the State/Territory.

**Developed.** A plan has been developed as of **[insert date]:** and put into operation as of **[insert date]:** , if available. Provide a web address for this plan, if available:

# Other. Describe:

Steps are underway to develop a plan. Steps anticipated and/or taken include:

1. Planning for Continuation of Services to CCDF Families

2. Coordinating with Emergency Management Agencies and Key Partners

3. Regulatory Requirements and Technical Assistance for Child Care Providers are required by Maryland Statute and the Code of Maryland Regulations COMAR 13A.16.10.01 to develop emergency and disaster plans that establish procedures for evacuating the facility, including evacuation route, relocating staff and children to a designated safe site, sheltering in place in the event that evacuation is not feasible, notifying parents of children in care and addressing the individual needs of children including children with special needs. The plan contains the name and contact information for the local emergency operations center, assignment of staff responsibilities during an emergency or disaster, a list of local emergency services numbers and the radio station call sign and frequency for the local Emergency Alert System. The plan is practiced by staff and children at least once per month for the fire evacuation and twice per year for other emergency and disaster situations, and is updated at least annually.

Effective, July 1, 2010, Emergency and Disaster Planning became a mandated pre-service training requirement for a Child Care Center License, a Family Day Care Registration, or a Letter of Compliance. Existing providers are required to attend training and develop a plan by December 31, 2010.

The Lead Agency awarded a contract to Chesapeake College on September 1, 2007 to develop Project Security Blanket, a six-hour training course, on Emergency and Disaster Planning. Project Security Blanket provides training and technical assistance for Maryland child care center staff members, family child care providers and informal providers on the content and development of written emergency plans for their programs. The six hour course is offered across the state at Child Care Resource Centers, community colleges and through private trainers approved by the Lead Agency. Child care providers complete training and develop emergency and disaster plans which are approved and signed by the instructor. The local Child Care Resource Centers and approved trainers provide additional three clock-hour emergency preparedness training to assist providers with the overall management of their emergency and disaster plans. The Project Security Blanket website is

http://www.projectsecurityblanket.org/.

**1.6.2.** Indicate which of the core elements identified in the Information Memorandum are or will be covered in the Lead Agency child care emergency preparedness and response plan. Check which elements, if any, the Lead Agency includes in the plan.

- Planning for continuation of services to CCDF families
- Coordination with other State/Territory agencies and key partners
- Emergency preparedness regulatory requirements for child care providers
- Provision of temporary child care services after a disaster
- Rebuilding child care facilities and infrastructure after a disaster
- None

#### PART 2

#### CCDF SUBSIDY PROGRAM ADMINISTRATION

#### 2.1 Administration of the Program

The Lead Agency has broad authority to administer (i.e., establish rules) and operate (i.e., implement activities) the CCDF program through other governmental, non-governmental, or other public or private local agencies as long as it retains overall responsibility for the administration of the program. (658D(b), §98.11(a))

**2.1.1. Which of the following CCDF program rules and policies are set or established at the State/Territory versus the local level?** Identify the level at which the following CCDF program rules and policies are established.

# 2.2.3. Describe how the Lead Agency provides consumer education to parents applying for CCDF assistance to promote informed choices about the quality of care provided by various providers.

Lead Agencies must certify that the State/Territory will collect and disseminate to parents of eligible children and the general public, consumer education information that will promote informed child care choices (658E(c)(2)(G), §98.33).

For example, memorandums of understanding with resource and referral agencies to provide consumer education to families applying for CCDF assistance, providing parents with provider lists showing licensing history and/or Quality Rating and Improvement System (QRIS) ratings, or informational brochures that address importance of quality and different care options available.

Parents applying for CCDF assistance are provided information from the local department of social services' (LDSS) customized information packets. The LDSS packets explain to parents that they have a choice of formal or informal care. Parents are informed of child care resources through the LDSS, MSDE offices and the MSDE hotline. Maryland Family Network, under a contract with the Lead Agency, provides information and counseling services to parents on choosing child care at 13 regional resource and referral sites throughout the state. LOCATE Child Care mdchildcare.org http://www.mdchildcare.org/mdcfc/for\_parents/parents.html is a free service to families seeking child care provided by Maryland Family Network through a contract with the Lead Agency. The state's licensing compliance website www.checkccmd.org provides information on the compliance history and quality level of regulated providers statewide and is made available to all families and the public. The parent may take the voucher(s) to the provider(s) of his/her choice. Providers are required to inform

parents about resources available on choosing quality child care at the time of admission,

# 2.2.4. Describe how the Lead Agency will support child care programs to increase the likelihood that CCDF-served children receive higher quality care as defined in your State/Territory.

For example, methods used to promote upward movement in quality rating and improvement system, methods used to encourage high quality programs to participate in the subsidy program such as tiered reimbursement, or incentives used to support high quality programs in rural, suburban, urban, and low-income communities.

The State's Maryland Child Care Credentialing program is a professional development framework that includes incentives for additional training, professional experience and activities.

The State administers the Tiered Reimbursement program that recognizes child care facilities that exceed the minimum requirements of licensing and registration. There are four levels of tiered reimbursement, each one recognizing a child care facility's participation in program accreditation, provider credentialing, enhanced learning environment, parent involvement, and program evaluation. Facilities participating at Level Two or higher receive a certificate of achievement and a paid differential based on Child Care Subsidy vouchers. Although participation in the tiered reimbursement program is voluntary, there are regulatory requirements that apply to program participation. These requirements are found at COMAR 13A.14.09.09.

The Maryland EXCELS quality rating and improvement system will provide differential bonuses to participating licensed child care programs and registered family homes. The Maryland EXCELS QRIS will recognize and provide incentives to providers that reach higher levels of quality. MSDE is in planning to implement an electronic Time and Attendance System (TAS) for child care reimbursements. The TAS will streamline attendance reporting process for child care providers. The TAS will also give child care providers access to information on child authorizations, allow for weekly reimbursement and internet access to administrative reports. MSDE offers funding to programs receiving subsidy and/or in Title 1 school districts to purchase approved instructional materials, equipment, and supplies to improve the quality of care. These initiatives are to encourage higher quality provider participation in the Subsidy Program.

Maryland provides state accreditation to licensed child care centers at no cost. The MSDE accreditation program is a process by which early care and education programs can significantly improve the quality of the services they provide. In this process, a program voluntarily pursues self-study, program improvement, and external program review in order to achieve and publicly confirm that it meets state quality standards. Licensed child care centers are encouraged to participate at no cost to the program as an incentive to improve the quality of child care programs. MSDE approved validators are available at no charge to the provider to provide technical assistance and direct support services to programs so they can improve the quality of their services in order to meet State program standards.

The Child Care Quality Incentive Grant Program offers competitive grants to family child care and child care center programs to improve the quality of care provided to children birth to four years for the purchase of approved supplies, materials and equipment with an emphasis on educational curricula. To be eligible, a family child care home must serve children who receive child care subsidies. Child care centers must either be located in Title One school areas or at least 25% of the children enrolled must receive child care subsidies.

# **2.2.5. How will the Lead Agency promote access to the CCDF subsidy program?** Check the strategies that will be implemented by your State/Territory.

Provide access to program office/workers such as by:

Providing extended office hours

Accepting applications at multiple office locations

Providing a toll-free number for clients

C Other.

Describe:

Using a simplified eligibility determination process such as by:

Simplifying the application form (such as eliminating unnecessary questions, lowering the reading level)

Developing a single application for multiple programs

Developing web-based and/or phone-based application procedures

**2.2.6. Describe the Lead Agencies policies to promote continuity of care for children and stability for families.** Check the strategies, if any, that your State/Territory has chosen to implement.

Provide CCDF assistance during periods of job search. Length of time: 30 days

Establish two-tiered income eligibility to allow families to continue to receive child care subsidies if they experience an increase in income but still remain below 85% of State median income (SMI)

Synchronize review date across programs List programs:

Longer eligibility re-determination periods (e.g., 1 year). Describe:

Offered to customers in stable work activities or SSI recipients

Extend periods of eligibility for families who are also enrolled in either Early Head Start or Head Start and pre-k programs. Describe:

Allow families receiving child care services who become overscale for the program or lose their employment to continue their child(ren) in Head Start or Early Head Start until the end of the year.

Extend periods of eligibility for school-age children under age 13 to cover the school year. Describe:

Minimize reporting requirements for changes in family's circumstances that do not impact families' eligibility, such as changes in income below a certain threshold or change in employment

Targeted case management to help families find and keep stable child care arrangements

□ Using non-CCDF Funds to continue subsidy for families who no longer meet eligibility, such as for children who turn 13 years of age during the middle of a program year □ Other.

# 2.2.9. Describe how the Lead Agency documents and verifies applicant information using the table below. (\$98.20(a))

Check the strategies that will be implemented by your State/Territory. **Attach** a copy of your parent application for the child care subsidy program(s) as **Attachment 2.2.9** or provide a web address, if available:

The Lead Agency requires documentation of:	Describe how the Lead Agency documents and verifies applicant information:
Applicant identity	Maryland does not currently verify identity for parents or children, but plans to implement a regulation change to require submission of birth certificates or other proof.
Household composition	Maryland does not verify documentation for household composition. Any of the following who reside in the household shall be considered part of the family unit: applicant/customer, spouse of the customer, other parent of child needing child care, customer's children under age 18, children for whom the customer has physical custody, customer's children between ages 18 and 22 who are full-time students and considered dependents for tax purposes, parents of a minor parent, siblings of minor parent under age 18 or between 18 and 22 who are full-time students and considered dependents for tax purposes, adult in the household who has physical custody of minor parent or child, spouse of adult who has physical custody of minor parent or child, children of adult who has physical custody of minor parent or child, and step-parent.

☑ Applicant's relationship to the child	Maryland does not currently verify documentation for applicant's relationship to the child except for the relationship of in loco parentis described below. Family means the family unit consisting of one or more adults and children related by: blood, marriage, adoption or legal guardianship and residing in the same household. Family means the family unit consisting of adults with physical custody of a child related or unrelated and residing in the same household. If unrelated adults with children in common reside together, they are considered one family unit, whether either has other children residing in the household. Family does not include unrelated adults with no children in common who reside together or related adults, other than spouses, who live together. Each is considered a separate family when determining who is in the family unit and whose income is counted. If the relationship is in loco parentis, the guardian must produce verification of the child
	lawfully being in their custody. Maryland plans to implement a regulation change to require submission of birth certificates or other proof of relationship.
Child's information for determining eligibility (e.g., identity, age, etc.)	A child receiving CCS services shall be immunized appropriate to the child's age. For licensed providers, regulations require documentation of required immunizations as a requisite for enrollment. For informal providers, the family must provide documentation of appropriate immunizations within 60 days of the child's enrollment. If documentation is not provided within 60 days, Child Care Subsidy services are terminated for the child. The required documentation is the submission of Immunization Form 896 http://marylandpublicschools.org/NR/rdonlyres/B0 050A99-6B3C-4396-A996- CC9405971A42/17106/1215ALL3Jun08.pdf
	An applicant who has the care of a child eligible for child support services shall pursue the establishment and enforcement of support obligations on behalf of the child as required by the local CCS case manager. If the applicant is pursuing or receiving regular child support payments for the child, the applicant shall furnish documentation verifying this action to the local CCS case manager at the time of application for child care services.
☑ Work, Job Training or Educational Program	Work, job training or educational program means a pursuit in which an applicant or customer is participating that is approved by the local department for a TCA family, or by an individual who is: enrolled in public school, enrolled in training, participating in a work experience activity, participating in a job search activity, working, participating in a work activity or participating in a community service activity. Proof of enrollment - Verification of training or school attendance with days and hours of activity.

☑ Income	Except when TCA is received only for a child, the income requirement is met by a family that has applied for, or receives, TCA or has an annual gross income not exceeding the maximum income for family size according to the Federal guidelines or is an individual who is a recipient of SSI. Verification of wages - most recent 4 weeks of pay stubs or a letter from the employer stating work schedule and gross salary.

**⊠**No.

### 2.2.12. Informing parents who receive TANF benefits about the exception to the individual penalties associated with the TANF work requirement.

The regulations at §98.33(b) require the Lead Agency to inform parents who receive TANF benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age. Lead Agencies must coordinate with TANF programs to ensure, pursuant that TANF families with young children will be

informed of their right not to be sanctioned if they meet the criteria set forth by the State TANF agency in accordance with section 407(e)(2) of the Social Security Act. In fulfilling this requirement, the following criteria or definitions are applied by the TANF agency to determine whether the parent has a demonstrated inability to obtain needed child care. **NOTE:** The TANF agency, not the CCDF Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record.

a) Identify the TANF agency that established these criteria or definitions: State/Territory TANF Agency Maryland Department of Human Resources

b) Provide the following definitions established by the TANF agency.

• "appropriate child care": Child care that meets the parents needs in terms of hours and location, meets the childs needs in terms of health and safety, and is geared toward the healthy development of the child.

• "reasonable distance": Based on available transportation, a parent would be expected to travel to the child care provider no more than one hour each way

• "unsuitability of informal child care": Informal care that does not meet the standards as established by state law and Code of Maryland Regulations governing the CCS program.

• "affordable child care arrangements": Those arrangements for which the parent fee charged by the provider is less than or equal to the assigned copayment for a non-TANF family of the same size and income level who receives a subsidy.

c) How are parents who receive TANF benefits informed about the exception to individual penalties associated with the TANF work requirements?

#### 2.3. Eligibility Criteria for Child Care

In order to be eligible for services, children must (1) be under the age of 13, or under the age of 19 if the child is physically or mentally disabled or under court supervision; (2) reside with a family whose income is less than 85 percent of the State's median income for a family of the same size; and (3) reside with a parent or parents who is working or attending job training or an educational program; or (4) be receiving or needs to receive protective services. (658P(3), §98.20(a))

#### 2.3.1. How does the Lead Agency define the following eligibility terms?

#### residing with -

A child must reside with the parent, legal guardian, or person in loco parentis and intend to remain in Maryland during the time period of requested services.

#### in loco parentis -

A person who is at least eighteen years old, who is not a child, parent or legal guardian, with whom the child resides and who has assumed control of the child.

#### 2.3.2. Eligibility Criteria Based Upon Age

a) The Lead Agency serves children from six weeks to 13 years (maximum age under age 13).

b) Does the Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are physically and/or mentally incapable of self-care? (658E(c)(3)(B), 658P(3), §98.20(a)(1)(ii))

Yes,and the upper age is 19 years Provide the Lead Agency definition of *physical or mental incapacity* -

A child who has been diagnosed as being physically or mentally incapable of self-care appropriate to the age of the child, as verified by the State, based on a determination by a physician, a licensed or certified psychologist, or a licensed social worker.

ΠNo.

c) Does the Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are under court supervision? (658P(3), 658E(c)(3)(B), §98.20(a)(1)(ii))

Yes,and the upper age is  $\mathbf{V}$ No.

#### 2.3.3. Eligibility Criteria Based Upon Work, Job Training or Educational Program

a) How does the Lead Agency define "working" for the purposes of eligibility? Provide a narrative description below, including allowable activities and if a minimum number of hours is required.

Reminder - Lead Agencies have the flexibility to include any work-related activities in its

definition of working, including periods of job search and travel time. (§§98.16(f)(3), 98.20(b)) *working-*

Working means employment in a public or private work setting. There is no requirement for a minimum number of hours.

b) Does the Lead Agency provide CCDF child care assistance to parents who are attending job training or an educational program? (§§98.16(g)(5), 98.20(b))

Yes.

If yes, how does the Lead Agency define "attending job training or educational program" for the purposes of eligibility? Provide a narrative description below.

**Reminder** - Lead Agencies have the flexibility to include any training or education-related activities in its definition of job training or education, including study time and travel time.

attending job training or educational program -

Training means any type of instructional program, except for post-college graduate programs, that is approved by the local department of social services. Training includes undergraduate college, vocational programs, publicly funded training programs, or volunteer activities designed to lead to employment of the participant.

### 2.3.4. Eligibility Criteria Based Upon Receiving or Needing to Receive Protective Services

a) Does the Lead Agency provide child care to children in protective services? (§§98.16(f)(7), 98.20(a)(3)(ii)(A) & (B))

Yes.

If yes, how does the Lead Agency define "protective services" for the purposes of eligibility? Provide a narrative description below.

**Reminder** - Lead Agencies have the flexibility to define protective services beyond formal child welfare or foster care cases. Lead Agencies may elect to include homeless children and other vulnerable populations in the definition of protective services.

**Note** - If the Lead Agency elects to provide CCDF-funded child care to children in foster care whose foster care parents are not working, or who are not in education/training activities for CCDF purposes these children are considered to be in protective services and should be included in this definition.

#### ₽No.

b) Does the Lead Agency waive, on a case-by-case basis, the co-payment and income eligibility requirements for cases in which children receive, or need to receive, protective services? (658E(c)(3)(B), 658P(3)(C)(ii), §98.20(a)(3)(ii)(A))

⊡Yes, ⊡No.

#### 2.3.5. Income Eligibility Criteria

a) How does the Lead Agency define "income" for the purposes of eligibility? Provide the Lead Agency's definition of "income" for purposes of eligibility determination. (§§98.16(g)(5), 98.20(b))

income -

Income is defined as family income that does not exceed 50% of the 2001 FFY Maryland State Median Income for the applicant's family size.

Monthly gross income includes:

#### 2.3.7. Waiting Lists

#### Describe the Lead Agency's waiting list status. Select ONE of these options.

Lead Agency currently does not have a waiting list and:

- □ All eligible families *who apply* will be served under State/Territory eligibility rules
- □ Not all eligible families *who apply* will be served under State/Territory eligibility rules

ELead Agency has an active waiting list for:

- $\hfill\square$  Any eligible family who applies when they cannot be served at the time of application
- ☑ Only certain eligible families.

Describe those families:

Families who are already receiving services or applied prior to February 28, 2011 are not affected by the waiting list. Those who apply after February 28, 2011 and receive Temporary Cash Assistance (TCA), Supplemental Security Income (SSI) or have a disabled child may be eligible for services if all other criteria are met. Families with a disabled child take priority over all other waiting list exceptions. The waiting list will remain in effect until funds are available to serve some or all of the eligible families.

Waiting lists are a county/local decision. Describe:

#### 2.3.8. Appeal Process for Eligibility Determinations

Describe the process for families to appeal eligibility determinations:

An applicant or recipient may request a hearing if the local department denies, suspends, reduces or terminates assistance; fails to act with reasonable promptness on an application for, or a request for adjustment of assistance or imposes sanctions on a recipient or recovers an overpayment in assistance.

The local department shall send a written notice of any adverse action. The applicant or recipient may request an appeal within 90 calendar days of the local department's action. An appeal request is made in writing by the customer. The filing date of the appeal request is the date the local department received it. The request is immediately forwarded to the designated hearing coordinator. The local department shall assist the appellant in completing an appropriate appeal request form to ensure that it contains all the information required to process the request and, if necessary, shall provide an interpreter.

#### 2.4. Sliding Fee Scale and Family Contribution

The statute and regulations require Lead Agencies to establish a sliding fee scale that varies based on income and the size of the family to be used in determining each family's contribution (i.e., co-payment) to the cost of child care (658E(c)(3)(B) §98.42).

#### 2.4.1. Attach a copy of the sliding fee scale as Attachment 2.4.1.

2.4.5. Will the Lead Agency use other factors in addition to income and family size to determine each family's contribution to the cost of child care?  $(658E(c)(3)(B), \S98.42(b))$ 

Yes,

and describe those additional factors:

The family's contribution for the youngest child in care is based on family size and income. Any additional co-payments for the second and third child are based on a reduced percentage of the cost of care. The fourth child and any subsequent children in a family are not assigned a co-payment.

Co-payments range from 5% to 50% of the cost of care for the first child in care and 3% to 40% for the second and third children.

□No.

2.4.6. The Lead Agency may waive contributions from families whose incomes are at or below the poverty level for a family of the same size. (\$98.42(c)). Select ONE of these options.

**Reminder** - Lead Agencies are reminded that the co-payments may be waived for only two circumstances - for families at or below the poverty level or on a case-by-case basis for children falling under the definition of "protective services" (as defined in 2.3.4.a).

ALL families, including those with incomes at or below the poverty level for families of the same size, ARE required to pay a fee.

NO families with income at or below the poverty level for a family of the same size ARE required to pay a fee.

The poverty level used by the Lead Agency for a family of 3 is: 29,990

SOME families with income at or below the poverty level for a family of the same size ARE NOT required to pay a fee. The Lead Agency waives the fee for the following families:

The Lead Agency waives the fee for the following families:

#### 2.5. Prioritizing Services for Eligible Children and Families

At a minimum, CCDF requires Lead Agencies to give priority for child care assistance to children with special needs, or in families with very low incomes. Prioritization of CCDF assistance services is not limited to eligibility determination (i.e., establishment of a waiting list or ranking of eligible families in priority order to be served). Lead Agencies may fulfill priority requirements in other ways such as higher payment rates for providers caring for children with special needs or waiving co-payments for families with very low incomes (at or below the federal poverty level). (658E(c)(3)(B), §98.44)

**2.5.1.** How will the Lead Agency prioritize child care services to children with special needs or in families with very low incomes? (658E(c)(3)(B), §98.44) Lead Agencies have the discretion to define *children with special needs* and *children in families with very low incomes*. Lead Agencies are not limited in defining *children with special needs* to only those children with physical or mental disabilities (e.g., with a formal Individual Education Plan (IEP) required under the Individuals with Disabilities Education Act (IDEA). Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children as examples of *children with special needs*.

Children with special needs

#### Provide the Lead Agency definition of Children with Special Needs:

Definition of Child with Special Needs: A person up to the age of 19 who has been diagnosed as being physically or mentally incapable of self-care appropriate to the age of the child, as verified by the State, based on a determination by a physician, a licensed or certified psychologist, or a licensed social worker. This definition applies for the purposes of payment and for the purposes of prioritizing services.

Describe:

Children in families with very low incomes

**Provide the Lead Agency definition of** *Children in Families with Very Low Incomes:* 

Definition: A family that has an income that is less than or equal to 50% of SMI (FFY2001, SFY2002) for their family size.

#### Describe:

Maryland's priorities for serving Subsidy children are families: with documented special needs, receiving SSI, receiving TANF, transitioning off TANF and with low-incomes. This priority order is applied whether or not a waiting list is in effect.

**2.5.2.** How will CCDF funds be used to provide child care assistance to meet the needs of families receiving Temporary Assistance for Needy Families (TANF), those attempting to transition off TANF through work activities, and those at risk of becoming dependent on TANF? (658E(c)(2)(H), Section 418(b)(2) of the Social Security Act, §§98.50(e), 98.16(g)(4)) Reminder - CCDF requires that not less than 70 percent of CCDF Mandatory and Matching funds be used to provide child care assistance for families receiving Temporary Assistance for Needy Families (TANF), those attempting to transition off TANF through work activities, and those at risk of becoming dependent on TANF?

Use priority rules to meet the needs of TANF families (describe in 2.5.1 or 2.5.3.)

**2.5.3.** List and define any other eligibility conditions, priority rules and definitions that will be established by the Lead Agency. (658E(c)(3)(B), §98.16(g)(5), §98.20(b)) Reminder - Lead Agencies are reminded that any eligibility criteria and terms provided below must comply with the eligibility requirements of §98.20 and provided in section 2.2. Any priority rules provided must comply with the priority requirements of §98.44 and provided in section 2.4.1.

#### Term(s) - Definition(s)

Describe:

Maryland's priorities for serving Subsidy children are families: with documented special needs, receiving SSI, receiving TANF, transitioning off TANF and with low-incomes. This priority order is applied whether or not a waiting list is in effect.

#### 2.6. Parental Choice In Relation to Certificates, Grants or Contracts

The parent(s) of each eligible child who receives or is offered financial assistance for child care services has the option of either enrolling such child with a provider that has a grant or contract for the provision of service or receiving a child care certificate.  $(658E(c)(2)(A), \S98.15(a))$ 

#### 2.6.1. Child Care Certificates

a) When is the child care certificate (also referred to as voucher or authorization) issued to parents? (658E(c)(2)(A)(iii), 658P(2), §98.2, §98.30(c)(4) & (e)(1) & (2))

Before parent has selected a provider

After parent has selected a provider

D Other.

Describe:

In Maryland, the certificate is called a child care voucher. The voucher is generated by an automated system and completed for each child in care. Eligible parents then receive vouchers.

Parents may request an application for a voucher from the local department of social services in their area. They must complete and return it along with required documentation to determine eligibility. Since a face-to-face interview is not required, the completed application and necessary verifications can be dropped off or mailed.

Two types of vouchers are produced. The first is for regulated (licensed child care) programs and the second is for unregulated care (informal child care).

Vouchers are issued on the basis of family eligibility for the child care subsidy program. A separate voucher is issued for each child in need of care and may be used to obtain services from any regulated child care provider or legally operating informal provider.

Case managers who determine eligibility discuss child care options with parents and can make referrals to child care resource and referral agencies if parents need assistance with locating a provider.

b) How does the Lead Agency inform parents that the child care certificate permits them to choose from a variety of child care categories, including child care centers, child care group homes, family child care homes, and in-home providers? (§98.30(e)(2))

- Certificate form provides information about choice of providers
- Certificate is not linked to a specific provider so parents can choose provider of choice
- Consumer education materials (flyers, forms, brochures)
- Referral to child care resource and referral agencies
- Verbal communication at the time of application
- Devices Announcement

Describe:	

State child care licensing regulations require that each family child care home and child care center permit the parent of a child in care to have access, without prior notice, to the child at any time during the program's operating hours and to freely observe all areas of the facility that are used for child care.

As a condition of receiving payment from the child care subsidy program, a legally operating informal provider agrees to allow the same access to the child in care and to the facility as required of regulated programs. Information about the right of access is explained in the Informal Provider Health and Safety packet given to all parents and providers who choose to use informal care. Parents and providers must sign and return a signature page indicating they have read and understand the information.

For licensed child care providers, licensing regulations require the provider to post and have available to parents, a pamphlet entitled "A Parent's Guide to Regulated Child Care" that contains information on rights and responsibilities of parents, including the right to visit the facility without prior notification at any time their child is there.

**2.6.4.** The Lead Agency must allow for in-home care (i.e., care provided in the child's own home) but may limit its use. (§§98.16(g)(2), 98.30(e)(1)(iv)) Will the Lead Agency limit the use of in-home care in any way?

🗖 No

Yes. If checked, what limits will the Lead Agency set on the use of in-home care? Check all limits the Lead Agency will establish.

Restricted to care by relatives

Restricted to care for children with special needs or medical condition

Restricted to in-home providers that meet some basic health and safety requirements

Describe:

Restricted to care by relatives or care provided in the child's own home. Unless permission is given by the local director for more than six children, local departments may approve payment for informal child care when the total number of children in the provider's care is six or less. This includes not more than two children younger than 24 months old; and counting the provider's own children younger than 6 years old among the six children.

# 2.6.5. Describe how the Lead Agency maintains a record of substantiated parental complaints about providers and makes substantiated parental complaints available to the public on request. $(658E(c)(2)(C), \S98.32)$

Since November 2002, the agency has maintained a secure Internet-based provider complaint reporting and tracking system that is utilized by regional licensing office staff to conduct all complaint intakes and record all complaint investigation outcomes. This computerized system is specifically designed to track the progress of each complaint investigation through to its conclusion and to report statistical complaint data for analysis and evaluation.

Each complaint, whether a parental complaint or anonymous complaint received by the Office of Child Care, is logged into the child care facility's permanent file. All documentation pertaining to the subsequent investigation and disposition of the complaint is also placed in the facility's file. At the conclusion of each investigation, the investigation findings are summarized on a record of complaint form and the complaint is categorized as confirmed (substantiated), ruled out, or uncertain. Any and all complaints, both written and oral, that relate to a potential violation of a regulation or unregistered/unlicensed care are investigated.

Information about substantiated complaints is readily available upon request by any member of the public. The extent and method of public access to records of substantiated complaints involving child care facilities are specified under Maryland's child care center and family child care home regulations. Complaints are investigated by the Office of Child Care's Regional Licensing Offices. Complaints are made to the Regional Licensing Office for the jurisdiction in which the provider resides. Contacts for the thirteen Regional Offices are as follows:

Every complaint of unlicensed (illegal) child care, regardless of the source of the complaint or method received, is investigated by regional licensing office staff according to a written protocol.

Information is provided to the public regarding where to register a complaint on the lead agency's website at

#### 2.7. Payment Rates for Child Care Services

The statute at 658E(c)(4) and the regulations at §98.43(b)(1) require the Lead Agency to establish adequate payment rates for child care services that ensure eligible children equal access to comparable care.

#### 2.7.1. Provide a copy of your payment rates as Attachment 2.7.1.

The attached payment rates were or will be effective as of: Effective January 4, 2010 http://marylandpublicschools.org/MSDE/divisions/child\_care/subsidy/rates.htm?WBCMODE=Present%2 5%3e%25%3e

### 2.7.2. Are the attached payment rates provided in Attachment 2.7.1 used in all parts of the State/Territory?

Yes.

□ No. If no, attach other payment rates and their effective date(s) as **Attachment 2.7.2a**, **2.7.2b**, etc.

### 2.7.3. Which strategies, if any, will the Lead Agency use to ensure the timeliness of payments?

Policy on length of time for making payments.

**Describe length of time:** Child care provider must submit the invoice for payment within 60 days of the last day of service. Payments must be processed within 3 days of receiving the submitted invoice.

Track and monitor the payment process Other. Describe:

🗖 None

#### 2.7.4. Market Rate Survey

Lead Agencies must complete a local Market Rate Survey (MRS) no earlier than two years prior to the effective date of the Plan (no earlier than October 1, 2009). The MRS must be completed prior to the submission of the CCDF Plan (see Program Instruction CCDF-ACF-PI-2009-02

http://www.acf.hhs.gov/programs/ccb/law/guidance/current/pi2009-02/pi2009-02.htm for more information on the MRS deadline).

a) Provide the month and year when the local Market Rate Survey(s) was completed (§98.43(b)(2)): 01/2011

b) Attach a copy of the **MRS instrument** and a **summary of the results** of the survey **as Attachment 2.7.4.** For Lead Agencies that use an administrative provider database, provide a copy of the intake form as the instrument. The summary should include a description of the sample population, data source, the type of methodology used, response rate, description of analyses, and key findings.

### 2.7.5. Will the Lead Agency use the local Market Rate Survey identified in 2.7.4a (i.e., the most recent MRS) to set its payment rates?

	Yes
1.1	

🗹 No.

If no, list the MRS year that the payment rate ceiling is based upon: A special rate survey was conducted in June 2005. MSDE requested that the vendor compile the data outside of the regular schedule to determine if there had been changes in the market rates over the 2<sup>1</sup>/<sub>2</sub> year closure due to the implementation of a wait list and plans to reopen the program to all eligible families.

**2.7.6.** At what percentile of the most recent local MRS are or will payment rates be set? Provide the percentile for your payment rate ceiling in relation to the most recent survey and describe:

**Note:** Identify the percentile where payment rates fall according to the most recent local MRS (identified in 2.7.4a) regardless of whether or not you use the most recent survey to

set rates. If the percentile(s) varies across categories of care (e.g., different for centers and family child care homes), regions or ages of children, provide the range of the highest and lowest percentile in relation to the most recent survey.

Current rates correspond to the 14<sup>th</sup> percentile of the market according to the January 2011 market rate survey. In all cases, rates for various geographical regions, age groups and care types were weighted to achieve Statewide averages in accordance with most recent (November 2010) demographics. Disaggregating by care type shows:

Infant Care: Families	Infant Care: Centers	_ • • · · ·	Regular Rate Care: Centers
20th	19th	17th	10th

2.7.7. Will the Lead Agency provide any type of tiered reimbursement or differential rates on top of its base reimbursement rates for providing care for children receiving CCDF subsidies? Check which types of tiered reimbursement, if any, the Lead Agency has chosen to implement.

Differential rate for nontraditional hours. Describe:

The local department shall approve additional costs that exceed the payment rates in §§B-D of regulation 13A.14.06.09 when child care is provided during nontraditional hours.

Differential rate for children with special needs as defined by the State/Territory. Describe:

Differential rate for infants and toddlers. Describe:

Differential rate for school-age programs. Describe:

Differential rate for higher quality as defined by the State/Territory. Describe:

The local department shall approve a payment amount, in addition to the child's subsidy, to a family child care provider or child care center that submits an application to the Office of Child Care, Credentialing Branch and is certified by the Office of Child care as meeting the requirements for receiving tiered reimbursement.

C Other differential rate. Describe:

D None.

**2.7.8. Will the Lead Agency allow providers to charge parents any additional fees?** Check the policies, if any, the Lead Agency has chosen to establish regarding additional fees.

Providers are allowed to charge the difference between the maximum reimbursement rate and their private pay rate

Providers are allowed to charge registration fees

Providers are allowed to charge for transportation fees

Providers are allowed to charge for meals.

Providers are allowed to charge additional incidental fees such as field trips or supplies

Policies vary across region, counties and or geographic areas.
Describe:

No, providers may not charge parents any additional fees
 Other.
 Describe:

None

### 2.7.9. Describe how payment rates are adequate to ensure equal access to the full range of providers based on the Market Rate Survey.

CCDF regulations require the Lead Agency to certify that the payment rates for the provision of child care services are sufficient to ensure equal access for eligible families to child care services comparable to those provided to families not eligible to receive CCDF assistance. To demonstrate equal access, the Lead Agency shall provide at a minimum a summary of facts describing: (§98.43(a))

a) How a choice of the full range of providers, e.g., child care centers, family child care homes, group child care homes and in-home care, is made available ( $\S98.43(a)(1)$ ):

Jurisdictions are grouped together into seven regions based on similarity of child care market rates and other economic indicators. Rates are established within the seven regions for family child care and center-based care, and for children less than two years of age and over two years. The state does not distinguish between group homes and centers.

#### b) How payment rates are adequate based on the most recent local MRS (§98.43(a)(2)):

MSDE contracts with Maryland Family Network (MFN) to have a child care provider market rate survey completed each year. MFN publishes the data and shares it with MSDE every two years. The reported market rate data is compared to the payment rates set by MSDE to ensure that the rates do not exceed the amount paid by the public for the same service.

#### c) How family co-payments based on a sliding fee scale are affordable (§98.43(a)(3)):

The State's co-payments are calculated as a percent of the average cost of care. Co-payments range from 5% to 50% for the youngest child in the family receiving care, and from 3% to 40% for the second and third children receiving care (fourth and subsequent children require no co-pay.) When expressed as a percent of total gross income, co-pays range from 1% to 15.7% of annual total gross income for the youngest, and from 1% to 12.6% for second and third children. The average co-payment in February 2011 (considering only families with co-pays) was 14.8% of a family's gross income. Following are two examples for a family of three, making \$1,544 per month, with 2 children in full-time family care, both over age two (co-pays are stated as monthly amounts):

#### Region with the Least Expensive Average Cost of Care (Payment Region V)

 Co-Pay	First Child \$105	Second Child \$82	Combined \$187
Percent Average Cost of Care	22%	18%	20%
Percent of Income	7%	6%	13%

#### Region with the Most Expensive Average Cost of Care (Payment Region X)

Co-Pay	First Child \$194	Second Child \$151	Combined \$345
Percent Average Cost of Care	22%	18%	20%
Percent of Income	13%	10%	23%

d) Any additional facts the Lead Agency considered to determine that its payment rates ensure equal access:

None

#### 2.7.10 Goals for the next Biennium -

In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). What are the Lead Agency's goals for the administration of the CCDF subsidy program in the coming Biennium? For example, what progress does the State/Territory expect to make on continuing improved services to parents and providers, continuity of care for children, improving outreach to parents and providers, building or expanding information technology systems, or revising rate setting policies or practices):

The Child Care Subsidy Branch will continue to expand the capabilities of payment processing and case management technology. Further, CCS will continue to increase the standards for Informal Providers.

#### PART 3

#### Health and Safety and Quality Improvement Activities

# 3.1. Activities to Ensure the Health and Safety of Children in Child Care (Component #1)

This section is intended to collect information on how Lead Agencies meet the statutory and regulatory provisions related to licensing and health and safety requirements. The CCDBG statute and the CCDF regulations address health and safety primarily in two ways.

First, Lead Agencies shall certify that they have in effect licensing requirements applicable to child care services provided within the area served by the Lead Agency (\$98.40(a)(1)). These licensing requirements need not be applied to specific types of providers of child care services (658(E)(c)(2)(E)(i)). Lead Agencies must describe those licensing requirements and how they are effectively enforced. Second, Each Lead Agency shall certify that there are in effect, within the State or local law, requirements designed to protect the health and safety of children that are applicable to child care providers of services for which assistance is provided under CCDF.

The relationship between licensing requirements and health and safety requirements varies by State/Territory depending on how comprehensive the licensing system is. In some States and Territories, licensing may apply to the majority of CCDF-eligible providers and the licensing standards cover the three CCDF health and safety requirements so the State/Territory has few, if any, providers for whom they need to establish additional CCDF health and safety requirements. In other cases, States and Territories have elected to exempt large numbers of providers from licensing which means that those exempted providers who care for children receiving assistance from CCDF will have to meet to the CCDF health and safety requirements through an alternative process outside of licensing. The State/Territory may also elect to impose more stringent standards and licensing or regulatory requirements on child care providers of services for which assistance is provided under the CCDF than the standards or requirements imposed on other child care providers. (§98.40(b)(1)) Section 3.1 asks the State/Territory to identify and describe the components of both the licensing and CCDF health and safety requirements, indicate which providers are subject to the requirements, and describe compliance and enforcement activities.  $(658E(c)(2)(F), \S98.41)$ 

# 3.1.1. Compliance with Applicable State/Territory and Local Regulatory Requirements on Licensing

Lead Agencies shall certify that they have in effect licensing requirements applicable to

child care services provided within the area served by the Lead Agency (\$98.40(a)(1)). These licensing requirements need not be applied to specific types of providers of child care services (658(E)(c)(2)(E)(i)). Lead Agencies must describe those licensing requirements and how they are effectively enforced.

**Definition:** Licensing requirements are defined as regulatory requirements, including registration or certification requirements established under State, local, or tribal law, necessary for a provider to legally operate and provide child care services in a State or locality (§98.2). This does not include registration or certification requirements solely for child care providers to be eligible to participate in the CCDF program. Those requirements will be addressed in 3.1.2.

a) Is the Lead Agency responsible for child care licensing? (§98.11(a))

🗹 Yes.

🗖 No.

Please identify the State or local (if applicable) entity/agency responsible for licensing:

b) **Provide a brief overview** of the relationship between the licensing requirements and CCDF health and safety requirements in your State/Territory. At a minimum, describe whether the State/Territory's licensing requirements serve as the CCDF health and safety requirements.

Licensing requirements serve as CCDF health and safety requirements for all providers of non-relative child care. All providers of non-relative child care are required to be licensed as a child care center or registered as a family child care home.

c) CCDF identifies and defines four categories of care: child care centers, family child care homes, group child care homes and in-home child care providers (§98.2). The CCDF definition for each category is listed below. Within each CCDF category of care, please identify which types of providers are exempt from licensing in your State/Territory in the chart below.

**Note:** In lieu of submitting or attaching licensing regulations to certify the requirements of §98.40(a)(1), Lead Agencies may provide their licensing regulations to the National Resource Center for Health and Safety in Child Care and Early Education. Please check the NRCKid's website at http://nrckids.org/ to verify the accuracy of your licensing regulations and provide any updates to the National Resource Center. **Check this box to indicate that the licensing requirements were submitted and verified at NRCKid's:**

**Describe**:New regulation Sub-title for Large Family Child Care Homes anticipated 1/1/12. This new subtitle will create a new category of child care facility. Previously licensed as small child care centers, the large family child care home is defined as child care offered in a residence for 9 to 12 children. The reason for implementing this new category is to broaden the options available to family child care providers. Large family child care homes will be able to fully participate in the quality rating and improvement system and the Child and Adult Care Food Program.

🗖 No.

# 3.1.2. Compliance with Applicable State/Territory and Local Regulatory Requirements on Health and Safety

Each Lead Agency shall certify that there are in effect, within the State or local law, requirements designed to protect the health and safety of children that are applicable to child care providers of services for which assistance is provided under CCDF. Such requirements shall include the prevention and control of infectious diseases (including

immunization), building and physical premises safety, and minimum health and safety training appropriate to the provider setting. These health and safety requirements apply to all providers caring for children receiving CCDF services and which also may be covered by the licensing requirements. (658E(c)(2)(F), §98.41)

a) **Describe** the Lead Agency's health and safety requirements for prevention and control of infectious disease in effect for child care providers of services for which assistance is provided under CCDF using the table below.  $(658E(c)(2)(F)(i), \S98.41(a)(1))$

d) CCDF allows Lead Agencies to exempt relative providers (grandparents, greatgrandparents, siblings if living in a separate residence, aunts, and uncles) from these health and safety requirements. What are the Lead Agency's requirements for relative providers? (§98.41(A)(ii))(A)) All relative providers are subject to the same health and safety requirements as described in 3.1.2a-c, as appropriate; there are no exceptions for relatives.

Relative providers are NOT required to meet any health and safety requirements as described in 3.1.2a-c, as appropriate.

Relative providers are subject to certain requirements.

Describe the different requirements:

All relative providers are subject to a Child Protective Services background consent and check to look for any history of abuse and neglect. The Department of Human Resources Services Unit conducts the check and indicates whether or not there is any history.

e) Provide a web address for the State/Territory's health and safety requirements, if available:

## 3.1.3 Enforcement of Licensing Requirements

Each Lead Agency is required to provide a detailed description of the State/Territory's licensing requirements and how its licensing requirements are effectively enforced. (658E(c)(2)(E), §98.40(a)(2)) The Lead Agency is also required to certify that that procedures are in effect to ensure that child care providers caring for children receiving CCDF services comply with the applicable health and safety requirements. (658E(c)(2)(G), §98.41(d))

**Describe the State/Territory's policies for effective enforcement of the licensing requirements using questions 3.1.3a through 3.1.3e below.** This description includes whether and how the State/Territory uses visits (announced and unannounced), background checks, and any other enforcement policies and practices for the licensing requirements.

a) Does your State/Territory include **announced** and/or **unannounced** visits in its policies as a way to effectively enforce the licensing requirements?

Yes. If "Yes" please refer to the chart below and check all that apply.

c) Describe what types of licensing violations, if any, would make a provider ineligible to participate in CCDF:

If a provider, due to licensing violations that jeporadize the health and safety of children in care, has an enforcement action taken (emergency suspension, suspension, revocation) they are not eligible to receive child care subsidy payments or participate in CCDF funded initiatives.

d) Does your State/Territory use **background checks** as a way to effectively enforce the licensing requirements?

🗹 Yes.

If "Yes" please use refer to the chart below to identify who is required to have background checks, what types of checks, and with what frequency. Please **also provide a brief overview** of the State/Territory's process for conducting background checks for child

care. For example, describe what types of violations would make providers ineligible for CCDF, funding for background checks, and the process for providers to appeal background check findings.

**Criminal History Checks**: Maryland law requires fingerprint-supported Federal and State criminal background checks (CBCs) to be conducted on all persons who (1) for compensation, provide child care or are employed to provide child care, or (2) have access to children participating in a child care program. These persons are required to apply for a CBC at a State or local police agency or at one of the private agencies certified by the Maryland Department of Public Safety and Correctional Services, which is the State agency that houses Maryland's Criminal Justice Information System (CJIS). An application may be filed in hardcopy through submission of CJIS-issued fingerprint cards or electronically through the CJIS-certified LiveScan fingerprinting system. Every CBC application must include a special authorization number that enables the MSDE Office of Child Care (OCC) to receive a report of the CBC results directly from CJIS. A person's CBC results are transmitted electronically by CJIS, to the OCC regional office responsible for licensing that person's child care program. In addition, CJIS has a flagging system that automatically generates an electronic alert to the appropriate OCC regional office is also transmitted electronically by CJIS to the OCC central office for review and analysis. Under State child care regulations, no child care provider or child care program employee may be allowed to supervise or to be left alone with a child in care until the person has successfully passed both Federal and State CBCs. State child care regulations also specify that a history of certain criminal offenses provides an automatic bar to employment or service in a child care program. Examples of such offenses include violent felony, sex offenses, criminal activity related to chidren, perjury and distribution of controlled substances.

**Child Abuse and Neglect Clearances**: Under Maryland law, every person who cares for, or who has access to, a child in care must undergo a child abuse and neglect background check (a "clearance") that involves a review of State Child Protective Services (CPS) agency records. Child care licensing regulations require each child care provider and child care program employee to submit to the Office of Child Care a release of information permitting a CPS clearance to be conducted electronically via the Office of Child Care's CCATS system, which interfaces with the CPS agency database. The child abuse and neglect clearance process must be successfully passed before a person may begin providing care to, be left alone with, or have access to a child in care.

There is no funding provided for background checks and there is no process for providers to appeal background check findings.

🗖 No.

**3.1.4 Describe the State/Territory's policies for effective enforcement of the CCDF health and safety requirements.** For providers who care for children receiving CCDF assistance and who are NOT subject to the enforcement procedures described above for licensed providers, please describe the health and safety enforcement measures in place. Include in this description whether and how the State/Territory uses on-site visits (announced and unannounced) and background checks and any other enforcement policies and practices for the health and safety requirements.

On-site visits are not conducted for license exempt providers. Background checks are conducted for child abuse and neglect. A health and safety packet must read and signed by both the customer and provider and returned to the LDSS. Providers caring for subsidy children that are found to have an abuse and neglect finding or any violations of health and safety requirements are given adverse and action and can no longer provide services.

**3.1.5 Does the State/Territory encourage or require child care programs to conduct developmental screening and referral for children participating in child care programs?** Lead Agencies are not required to conduct developmental screenings of children, but are encouraged to work with child care providers to promote screening in the areas of physical health (including vision and hearing), mental health, oral health, and developmental disabilities..

#### 3.1.6 Data & Performance Measures on Licensing and Health and Safety

**Compliance** - What data elements, if any, does the State/Territory currently have access to related to licensing compliance? What, if any, performance measures does the Lead

Agency use for ensuring health and safety? The purpose of these questions is for Lead Agencies to provide a description of their capacity to provide information, not to require Lead Agencies to collect or report this information. For any data elements checked in (a) below, Lead Agencies may provide an optional description about the data they have access to (e.g., the Lead Agency may have data for only licensed programs, only programs caring for children receiving CCDF subsidies, only providers participating in quality improvement systems, or only for certain age groups (e.g., infants and toddlers or school-age children).

a) **Data on licensing and health and safety.** Indicate if the Lead Agency or another agency has access to data on:

Number of licensed programs. Describe (optional):

Numbers of programs operating that are legally exempt from licensing. Describe (optional):

Number of programs whose licenses were suspended or revoked due to noncompliance. Describe (optional):

Number of injuries and fatalities in child care as defined by the State/Territory. Describe (optional):

Number of monitoring visits received by programs. Describe (optional):

Caseload of licensing staff. Describe (optional):

Number of programs revoked from CCDF due to non-compliance with health and safety requirements. Describe (optional):

Describe:

D None.

b) **Performance measurement.** What, if any, performance measures does the State/Territory use in its licensing system to monitor compliance with CCDF health and safety requirements?

Maryland uses a fully electronic inspection modality that is able to capture, analyze, and profile the complete set of results from every licensing inspection, and to match those results against the results of previous inspections of the same program. Among these items, the agency pays particular attention to any regulatory noncompliance in the areas of child supervision, child capacity, child protection, and group size/staff-child ratios. Each of the agency's routine annual unannounced inspections is structured to require a complete review of a specific subset of compliance items that are highly correlated with the preservation of child health and safety.

c) **Evaluation.** What, if any, are the State/Territory's plans for evaluation related to licensing and health and safety? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically. Through analysis of the data collected by the agency's electronic inspection system (see the response to 3.1.6(b), patterns of noncompliance related to child health and safety are readily identified both with respect to individual program performance across all compliance items (aggregated and sub-aggregated) and to item-specific performance across all programs (also aggregated and sub-aggregated). In this way, an individual program's compliance item can also be easily assessed. Agency licensing staff rely on both these perspectives to identify and meet the individual and collective training and technical assistance needs of programs; and, where indicated, to pursue appropriate license enforcement actions. These analyses are conducted on a continual basis through specialized automated reporting from the electronic inspection system's database.

**3.1.7 Goals for the next Biennium** - In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies are not required to establish a goal for each sub-section of 3.1. What are the Lead Agency's goals for the licensing and health and safety system in the coming biennium? What progress does the State/Territory expect to make on core areas (e.g. licensing standards, monitoring visits or other effective enforcement, improved

technical assistance, or fewer serious non-compliances?)

1) Establish standards for In-Home Providers to meet minimum training requirements and Criminal Background Checks.

- 2) Establish procedures and protocols for the implementation of child screening tools.
- 3) Refer more programs for technical assistance to improve compliance with state regulations.

#### 3.2 Establishing Voluntary Early Learning Guidelines (Component #2)

For purposes of this section, voluntary early learning guidelines include the expectations for what children should know (content) and be able to do (skills). The term *early learning guidelines* (ELGs) refers to age-appropriate developmental learning guidelines for infants and toddlers and school-age children. These guidelines are voluntary in that States/Territory are not mandated to develop such guidelines or implement them in a specified manner.

# 3.2.1 Has the State/Territory developed voluntary early learning guidelines for children? Check any early learning guidelines the State/Territory has developed.

**3.2.6 Describe how your State/Territory uses ongoing assessments and measures of school readiness assessment using the following series of questions.** In this section, assessment is framed with two distinct purposes/tools - 1) ongoing assessment of children's progress within the classroom to improve and individualize instruction (this corresponds to 3.2.6a) and 2) assessments conducted at kindergarten entry to inform policymakers about the school readiness of children across the State on a broad range of domains, used to guide program initiatives (this corresponds to 3.2.6b).

In the description for each Yes response, please include a) who administers, and b) how often assessments are conducted, and c) what assessment tools are used.

a) Are programs required to conduct ongoing assessments of children's progress of children using valid, reliable and age-appropriate tools aligned with the early learning guidelines or other child standards?

b) Does the State/Territory use tools that are valid, reliable and age-appropriate to track the readiness of children as they enter kindergarten?
 ✓ Yes.
 Describe:

Maryland assesses the readiness of all children entering kindergarten each fall through the Work Sampling System (WSS). Since the implementation of the WSS assessments in 2001-2002 the school readiness of children in the State has increased from 49% fully ready (2001-2002) to 81% fully ready in 2010-2011, due in part to the availability and implementation of the Guidelines, MMSR and other quality initiatives.

c-1) If yes, do the tools cover the developmental domains identified in 3.2.2? ✓ Yes. Describe:

The Work Sampling System contains the developmental domains of Personal and Social Development, Language and Literacy, Mathematical Thinking, Scientific Thinking, Social Studies, The Arts and Physical Development and Health.

c) Is school readiness information linked to the statewide longitudinal data system (SLDS, program of the Department of Education)?
 ✓ Yes.
 Describe:

The data from the MMSR Kindergarten Assessment for the school years 2001-02 to 2010-11 are part of the MLDS Data Warehouse. This year, kindergarteners from school year 2007-08 who received the state's unique student identifiers have completed the MSA in Reading and Math this past school year. MSDE will issue a report, in late 2011 or early 2012, to show the correlation of kindergarteners' school readiness results and their MSA results.

🗖 No

D Not applicable. State does not have an SLDS.

**3.2.7 Data & Performance Measures on Voluntary Early Learning Guidelines** (Click for additional instructions)

a) **Data on voluntary early learning guidelines.** Indicate if the Lead Agency or another agency has access to data on:

Number/percentage of child care providers trained on ELG's for preschool aged children. Describe (optional):

Number/percentage of child care providers trained on ELG's for infants and toddlers. Describe (optional):

Number of programs using ELG's in planning for their work. Describe (optional):

Number of parents trained on or served in family support programs that use ELG's. Describe (optional):

Describe:

b) **Performance measurement.** What, if any, are the Lead Agency's performance measures related to dissemination and implementation of the early learning guidelines?

Increase the number of infant/toddler caregivers trained in the use of the birth to five early learning guidelines.

c) **Evaluation.** What are the State/Territory's plans, if any, for evaluation related to early learning guidelines? Evaluation can include efforts related to monitoring implementation of an initiative validation of standards or program assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically.

The information gained on school readiness when children enter kindergarten will be used with the state's Longitudinal Data System to link school readiness with previous care provided by trained caregivers to determine the effectiveness of quality improvements.

3.2.8 Goals for the next Biennium -

In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). What are the Lead Agency's goals for using voluntary early learning guidelines in the coming biennium? What progress does the Lead Agency expect to make related to early learning guidelines?

1) Increase dissemination of Early Learning Guidelines to include pediatricians, public school administrators and other identified sources.

2) Increase the number of infant/toddler caregivers trained in the Early Learning Guidelines birth to five years.

#### 3.3.1 Element 1 - Program Standards

**Definition** - For purposes of this section, program standards refers to the expectations for quality, or quality indicators, which identify different levels of and pathways to improved quality. Minimum licensing standards and health and safety requirements provided in section 3.1 are also program standards but in this section, we focus on those standards that build upon and go beyond those minimum requirements.

a) Does your State/Territory's have quality improvement standards that include indicators covering the following areas beyond what is required for licensing? Check any indicators, if any, that your State/Territory has chosen to establish.

- Ratios and group size
- Health, nutrition and safety
- Learning environment and curriculum
- Staff/Provider qualifications and professional development
- Teacher/providers-child relationships
- Teacher/provider instructional practices
- Family partnerships and family strengthening
- Community relationships

#### 3.3.4 - Element 4 - Quality Assurance and Monitoring

**Definition** - For purposes of this section, quality assurance and monitoring refers to the ways that the State/Territory measures program quality for the purposes of its QRIS or other quality improvement system and the methods for measuring that the child care

quality improvement standards for programs are met initially and maintained over time.

a) What tools, if any, does the State/Territory use to measure and monitor the quality of programs? Check all that apply and briefly describe using the chart below, including which programs are required to participate and the frequency of assessments. **If none, skip to 3.3.5.** 

### **None.** skip to 3.3.5.

### 3.3.5 - Element 5 - Outreach and Consumer Education

**Definition** - For purposes of this section, outreach and consumer education refers to the strategies used to promote the child care quality improvement standards to parents, programs and the general public.

a) Does the State/Territory use symbols or simple icons to communicate levels of quality for child care programs beyond what may communicated to parents about licensing status and licensing compliance as reported in 3.1.3? (e.g. stars, or gold/silver/bronze levels).

Ves. If yes, how is it used?

### 3.3.6. Quality Rating and Improvement System (QRIS)

a) **Based on the five key elements of a QRIS described above in 3.3.1 through 3.3.5,** does your State/Territory have a quality rating and improvement system (QRIS) or similar quality improvement system in place?

Yes, the State/Territory has a QRIS or similar quality improvement system that includes linked activities in all five elements operating State/Territory-wide.

Participation is voluntary for:

licensed facilities

Participation is mandatory for:

☐ Yes, the State/Territory has a QRIS or similar quality improvement system that includes linked activities in all five elements <u>operating as a pilot or in a few localities</u> but not State/Territory-wide.

□ No, the State/Territory does not have a QRIS or similar quality improvement system that includes linked activities in all five elements.

State/Territory is in the development phase
 State/Territory has no plans for development

# b) **Performance measurement.** What, if any, are the Lead Agency's performance measures on program quality?

Program quality performance measures are incorporated in the state's revised QRIS standards, Maryland EXCELS, in five areas: Licensing/Compliance, Staffing and Professional Development, Rating Scale/Accreditation, Developmentally Appropriate Learning and Practice/Child Assessment and Administrative Practices and Policies. c) **Evaluation**. What, if any, are the State/Territory's plans for evaluation related to program quality? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically.

Johns Hopkins University Center for Technology in Education, working in conjunction with MSDE. has developed a QRIS Evaluation Study to conduct a formative evaluation of the QRIS model and academic research into the quality, effectiveness and impact of QRIS models. The evaluation plan includes development of a logic model for all aspects of QRIS administration.

#### 3.3.9 Goals for the next Biennium -

In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies are not required to establish a goal for each sub -section in 3.3. What are the State/Territory's goals for the program quality improvement system in the coming biennium? What progress does the State/Territory expect to make across the five key elements for quality improvement systems?

#### **Program Standards:**

Revised QRIS - Maryland EXCELS Standards (July 2011) Common Core Pre-K Standards (Sept 2011)

#### Support to Programs to Improve Quality:

Provide technical assistance through the Resource and Referral Agencies and family support centers on Revised QRIS – Maryland EXCELS, accreditation, mental health consultation and infant/toddler specialists.

#### Financial Incentives and Support:

Maintain current levels of funding on quality improvement programs in place: Credentialing, Tiered Reimbursement, training voucher/reimbursement, accreditation support and child care provider grants.

#### **Quality Assurance and Monitoring:**

Increase the number of observers and monitors for approved trainers, ERS, BAS, PAS, Accreditation and MMSR to support various quality improvement initiatives and monitoring activities.

#### **Outreach and Consumer Education:**

Increase the methods for disseminating information into new areas, in addition to the MSDE website, MSDE Partners newsletter, Child Care Resource and Referral agencies and print materials. Establish a benchmark percentage of pediatricians' offices that will obtain information for dissemination to families.

# 3.4 Pathways to Excellence for the Workforce - Professional Development Systems and Workforce Initiatives (Component #4)

Pathways to excellence for the workforce builds on the significant investments States and Territories have made in the area of professional development systems to ensure a well-qualified workforce with opportunities for growth from entry level through master teacher, with an increasing emphasis on the many additional roles in the child care system (e.g. adult educators such as consultants, technical assistance providers, trainers, and higher education faculty). In this section, States and Territories provide a self-assessment on current professional development and workforce activities and describe their goals for the upcoming Biennium.

For purposes of this section, States and Territories will respond according to five key elements for workforce systems:

- 1) Core Knowledge and Competencies
- 2) Career Pathways (or Career Lattice)
- 3) Professional Development Capacity
- 4) Access to Professional Development
- 5) Compensation, Benefits and Workforce Conditions

a) Describe which entities are involved in planning and administering the activities in Section 3.4, including State/Territory entities and local or community level entities.

Maryland State Department of Education, Division of Early Childhood Education

#### 3.4.1 Workforce Element 1 - Core Knowledge and Competencies

**Definition** - For purposes of this section, core knowledge and competencies (CKCs) refers to the expectations for what the workforce should know (content) and be able to do (skills) in their role working with and/or on behalf of children and their families. These CKCs provide a foundation for professional development design (including instructional practices) and other quality improvement efforts.

a) Has the State/Territory developed core knowledge and competencies (CKCs) for practitioners working with and/or on behalf of children?

🗹 Yes

□ No, the State/Territory has not developed core knowledge and competencies. Skip to question 3.4.2.

D Other.	
Describe:

b) Check which of the following teaching and learning topics, if any, are covered in the CKCs.

Child growth, development and learning

Health, nutrition, and safety

Learning environment and curriculum

Interactions with children

Family and community relationships

Professionalism and leadership

Observation and assessment

Program planning and management

Diversity

Describe:

MSDE State Accreditation, Inclusive child care for children with special needs

D None.

c) Are the CKCs incorporated into other parts of the child care system? Check which ways, if any, the State/Territory incorporates its CKCs into other parts of the child care system.

To define the content of training required to meet licensing requirements

To define the content of training required for program quality improvement standards (as reported in section 3.3)

To define the content of training required for the career lattice or credential

To correspond to the early learning guidelines

To define curriculum and degree requirements at institutions of higher education Other.

Describe:

D None.

d) Are the CKCs aligned with other State/Territory or national standards? Check which ways, if any, the State/Territory aligns its CKCs with other standards.

Cross-walked with the Child Development Associate (CDA) competencies

Cross-walked with national teacher preparation standards (e.g., NAEYC standards for early childhood professional preparation, National Board of Professional Teaching

Standards, Head Start SOLAR staff skills indicators) Cross-walked with apprenticeship competencies Other. Describe:

D None.

e) Check for which roles, if any, the State/Territory developed supplemental or specialized competencies.

Staff working directly with children in centers, including aides, assistants, teachers, master teachers. Describe:

**Aides** are required to complete 6 clock hours of entry level training within 6 months of hire. The training covers basic child development, supervision, child abuse and reporting, health and safety, proper child supervision, workplace professionalism and interacting with parents.

Assistant teachers have completed 9 clock hours of approved pre-service training in communicating with staff, parents and the public and according to the individual's professional development plan, complete annual continued training in Core of Knowledge areas. Competency outcomes are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/23826/Commun0310.pdf

**Child Care Teachers in a Preschool** setting have completed 6 semester hours or 90 clock hours or their equivalent of approved pre-service training or hold the Child Development Associate Credential and 9 clock hours of approved pre-service training in communicating with staff, parents and the public. Child care teachers may hold an associate's degree or higher with approved courses in early childhood education. A Child Care Teacher in a preschool shall, according to the individual's professional development plan, complete approved training in Core of Knowledge areas. Competencies for the Child Growth and Development 45 hour portion of the 90 hour course are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/29134/GrowDev071811.pdf . Competencies for the Curriculum Methods and Materials 45 hour portion of the 90 hour course are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/29137/PSmethmat071811.pdf .

**Child Care Teachers supervising a group of infants or toddlers**, in addition to above requirements, has completed 3 semester hours of approved training, or the equivalent, related exclusively to the care of infants and toddlers. Competency outcomes are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/29136/ITCareDev071811.pdf

**Child Care Teachers in School Age Centers** have successfully completed 6 semester hours or 90 clock hours or their equivalent of approved pre-service training, 9 clock hours of approved pre-service training in communicating with staff, parents and the public. Child Care Teachers in School Age Centers, according to the individual's professional development plan, must complete approved continued trraining in Core of Knowledge areas. Competencies for the School Age 45 hour course are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/29138/SAmethmat071811.pdf

Providers working directly with children in family child care homes, including aides and assistants. Describe:

Family child care providers must complete 24 clock hours of training prior to receiving a registration. The training covers basic child development, curriculum planning, record keeping and business practices, health, safety and nutrition, professionalism, special needs and community resources. Competencies and outcomes for the family child care provider 24 hour pre-service training are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/20259/FCC24hrMod.pdf During the first year of registration family child care provider must complete 18 clock hours of specified training in Child Development, Working with Mixed Age Groups, Health, Safety and Nutrition and Emergency Preparedness.

Administrators in centers (including educational coordinators, directors). Describe:

**Directors of all child care centers** have successfully completed 9 clock hours of approved pre-service training in communicating with parents, staff and the public and 3 semester hours or their equivalent of approved administrative training. Directors of all child care centers must have successfully completed 6 semester hours or 90 clock hours, or their equivalent, or approved pre-service training, or hold the Child Development Associate Credential. According to the individual's professional development plan, complete approved continued training of at least 12 clock hours per full year of employment as a director of Core of Knowledge training. Competencies and outcomes for Directors are listed here: http://www.marylandpublicschools.org/NR/rdonlyres/09BEB371-2BC7-41C1-A78F-9A277975AE6C/23829/DirAdmin0310.pdf

**Directors of Preschool Centers** in addition to the requirements listed above, in a preschool center with infants or toddler in care, shall have 3 semester hours of approved training or the equivalent related exclusively to the care of infants and toddlers. In a preschool center with 21 to 40 children, a director shall have completed 30 semester hours of college coursework that has not less than 20 semester hours specifically in early childhood education or 60 semester hours from an acredited institution of higher learning and applicable experience according to regulation. In a preschool center with more than 40 children, a director shall have attained an associate's degree with a minimum of 15 semester hours of approved course work in early childhood education or a bachelor's degree in any field and appropriate experience.

**Directors of School Age Centers and Directors in Combined Preschool and School Age Centers** by regulation, specific requirements for experience with school age populations apply to directors of school age centers and combined preschool and school age centers. Specific requirements are located at http://www.marylandpublicschools.org/NR/rdonlyres/FF4D42D2-46A0-44E6-9CEC-546C5641F978/27794/Sub16CTRamend032112.pdf. Technical assistance providers (including mentors, coaches, consultants, home visitors, etc.). Describe:

Under a contract between the Lead Agency and Maryland Family Network, technical assistance providers located in the state's regional Child Care Resource and Referral network, meet qualifications outlined in the agreement.

Education and training staff (such as trainers, CCR&R staff, faculty). Describe:

Trainers: The Lead Agency has established procedures for approval of trainers and training content for family child care provider and child care staff training. Types of training fall under three main categories: Pre-service training, Core of Knowledge Training and Continued Training. Individuals applying to offer approved training to the child care community are required to attend a Maryland Trainer Orientation and must meet requirements for both education and experience as outlined in the Maryland Training Information Packet: http://www.marylandpublicschools.org/NR/rdonlyres/EC34ABE7-4719-481B-8929-B752D719A350/22295/TrgApprovInfoPkt\_Nov09.pd

Trainers approved by the Lead Agency to offer child care training may elect to include technical assistance and support as part of their training proposal.

#### 3.4.2 Workforce Element 2 - Career Pathways

**Definition** - For purposes of this section, career pathways (or career lattice) defines the options and sequence of qualifications and ongoing professional development to work with children. Career pathways assist professionals in understanding their career options and identify steps for advancement for the workforce recognizing and rewarding higher levels of preparation and mastery of practice to promote higher quality services for children.

a) Does the State/Territory have a career pathway which defines the sequence of qualifications related to professional development (education, training and technical assistance) and experience required to work with children?

Yes.

Describe:

The Maryland Child Care Credential recognizes child care providers who go beyond the requirements of State licensing and registration. There are seven credential levels and four administrator levels, each one recognizes a child care provider's achievement of a specified number of training hours, years of experience and professional activities. Child care providers participating in the program will complete training in topic areas in order to develop the knowledge and skills they need to provide the highest quality care for the children and families they serve. Staff Pre-Service training requirements are included in the career pathway. On-going training requirements are included for aides, assistants, teachers, directors and family child care providers.

No, the State/Territory has not developed a career pathway. Skip to question 3.4.3.

http://marylandpublicschools.org/MSDE/divisions/child\_care/credentials/

b) Check for which roles, if any, the career pathway (or lattice) include qualifications, specializations or credentials.

Staff working directly with children in centers, including aides, assistants, teachers, master teachers. Describe:

Credential Levels 1 through 6 - 13A.14.09 Maryland Child Care Credential Program

Staff qualifications – Subtitle 16, Chapters 01-19, Child Care Centers (COMAR 13A.16.01-.19)

Providers working directly with children in family child care homes, including aides and assistants.

Describe:

Credential Levels 1 through 6 - 13A.14.09 Maryland Child Care Credential Program

Staff qualifications - Subtitle 15, Chapters 01-15, Family Child Care (COMAR 13A.15.01-.15)

Administrators in centers (including educational coordinators, directors). Describe:

Credential Levels 1 through 4 - 13A.14.09 Maryland Child Care Credential Program

Technical assistance providers (including mentors, coaches, consultants, home visitors, etc.). Describe:

Education and training staff (such as trainers, CCR&R staff, faculty). Describe:

Qualifications for providing approved training - COMAR 13A.14.08 Child Care Training Approval

Describe:

D None.

c) Does the career pathway (or lattice) include specializations or credentials, if any, for working with any of the following children?

Infants and toddlers

Preschoolers

School-age children

Dual language learners

Children with disabilities, children with developmental delays, and children with other special needs

D Other.

Describe:

# 🗖 None.

d) In what ways, if any, is the career pathway (or lattice) used?

Voluntary guide and planning resource

Required placement for all practitioners and providers working in programs that are licensed or regulated in the State/Territory to serve children birth to 13

Required placement for all practitioners working in programs that receive public funds to serve children birth to 13

Required placement for adult educators (i.e., those that provide training, education and/or technical assistance)

Required placement for participation in scholarship and/or other incentive and support programs

Required placement for participation in the QRIS or other quality improvement system
 Other.

Describe:

In the Lead Agency's agreement with the statewide Child Care Resource and Referral Network, staff providing training and technical assistance to the child care community meet education and experience requirements as outlined in the agreement.

The Lead Agency approves trainers who provide professional development and technical assistance to child care providers and who meet professional requirements for education and experience as required by the Lead Agency.

D None.

e) Are individuals' qualifications, professional development, and work experience verified prior to placement on the career pathway (or lattice?)?

Yes. If yes, describe:

Documentation is submitted and reviewed.

🗖 No.

### 3.4.3 Workforce Element 3 - Professional Development Capacity

**Definition** - For purposes of this section, professional development incorporates higher education, training and technical assistance. Higher education capacity refers to capability of the higher education system to meet the needs of the diverse workforce including the provision of content that addresses the full range of development and needs

of children. Training and technical assistance capacity refers to capability of the training and technical assistance system to meet the needs of the diverse workforce including the provision of content that addresses the full range of development and needs of children.

a) Has the State/Territory assessed the availability of degree programs in early-childhood education, school-age care or youth development, and related fields in the State/Territory (e.g., both physical location and distance-based, accessibility to practitioners, etc.)?

Yes. If yes, describe:

MSDE has a partnership with two-year and four-year Colleges/Universities that have degree programs in early-childhood education and school-age care. The Lead Agency's Child Care Career and Professional Development Fund coordinator maintains communication regarding current enrollment and anticipated student enrollment with the fund coordinators at the participating colleges and universities. MSDE meets with the local community colleges and four-year colleges to assess the availability of early childhood and school age programs.

🗖 No.

b) Has the State/Territory assessed the availability of early-childhood and school-age and related training and technical assistance programs in the State/Territory (e.g., both physical location and distance-based, degree level, etc.)?

Yes. If yes, describe:

MSDE has a contract with the Maryland Family Network to provide training and technical assistance to licensed programs through the statewide Child Care Resource and Referral agencies. Maryland Family Network conducts an annual survey of child care providers to assess availability of early childhood and school-age training and publishes a training calendar and resources for providers and families at www.mdchildcare.org

🗖 No.

c) What quality assurance mechanisms, if any, are in place for the degree programs and courses offered by the State/Territory institutions?

Standards set by the institution

Standards set by the State/Territory higher education board

Standards set by program accreditors

C Other.

Describe:

# D None.

d) What quality assurance mechanisms, if any, are in place for the training and technical assistance programs offered by the State/Territory?

Training approval process. Describe:

The Lead Agency monitors the contract requirements for training and technical assistance conducted by the Maryland Family Network Child Care Resource and Referral sites. The Lead Agency has established policies and requirements for training approval including education and experience for trainers. All training content must meet requirements set forth by the Lead Agency and is monitored by the Lead Agency's Training Approval Coordinator. A committee of approved trainers meets regularly to evaluate training proposals and to make recommendations regarding their approval. An established rubric is followed to ensure that training meets the expectations of the Lead Agency and that content and delivery is consistent and of high quality. Lead Agency staff visit training sessions to monitor for quality assurance.

# Trainer approval process. Describe:

MSDE's Office of Child Care Training Approval Coordinator reviews applications from proposed trainers based on education, skills, and experience. Individuals applying to become approved trainers must attend an orientation conducted by the Lead Agency and must meet all requirements as outlined in the Maryland Trainer Information Packet for education and experience. Approved trainers attend quarterly training meetings conducted by the Lead Agency's Training Approval Coordinator to keep them informed about upcoming training needs for the child care community and training development opportuntiies. The Lead Agency has approved over 100 trainers for the state.

Training and/or technical assistance evaluations. Describe:

MSDE's Office of Child Care Training Approval Committee reviews and evaluates training proposals for content, organization and presentation according to an established rubric. The Lead Agency staff monitors approved trainers by unannounced visits to training sessions and by informing the child care community via online and mailed publications regarding how to file a complaint about a training session that did not meet the participant's expectations for content advertised. Through the Lead Agency's contract monitoring protocols, training and technical assistance offered through the Maryland Family Network's Child Care Resource and Referral agencies is conducted.

D None.

e) Does the State/Territory have articulation agreements in place across and within institutions of higher education?

Yes. If yes, describe:

There is a signed articulation agreement between the state and two and four year colleges in addition to many public high schools. The Associate of Arts in Teaching (AAT) is a fully articulated degree between two and four year colleges.

🗖 No.

f) Does the State/Territory have articulation agreements that translate training and/or technical assistance into higher education credit?

Yes. If yes, describe:

The 90-clock hour preschool training may be transferred to 6 credit hours if the student continues in the Early Childhood Education degree program.

🗖 No.

# 3.4.4 Workforce Element 4 - Access to Professional Development

**Definition** - For purposes of this section, access to professional development (training, education and technical assistance) refers to the degree to which practitioners are made aware of, and receive supports and assistance to utilize, professional development opportunities.

a) Does the State/Territory have professional development opportunities accessible for professionals in various or all sectors of the early childhood and school-age field?

Yes. If yes, for which sectors?

Child care

Head Start/Early Head Start

Pre-Kindergarten

Public schools
 Early intervention/special education
 Other.
 Describe:

🗖 No.

b) Does the State/Territory have a State/Territory-wide, coordinated and easily accessible clearinghouse of information about professional development opportunities available to all members of the early childhood and school-age workforce? Lead Agencies are not required to have a professional development system, but States/Territories may develop such clearinghouses to promote access to professional development opportunities.

Yes. If yes, describe:

The Maryland Family Network is the State-wide clearing house. The local Resource and Referral agencies provide training, technical assistance and information on the availability, location and the quality of child care programs.

🗖 No.

**3.4.6 Data & Performance Measures on the Child Care Workforce** - What data elements, if any, does the State/Territory currently have access to related to the child care workforce? What, if any, does the State/Territory use for performance measures on professional development and workforce initiatives? The purpose of these questions is for Lead Agencies to provide a description of their capacity to provide information, not to require Lead Agencies to collect or report this information. For any data elements checked in (a) below, Lead Agencies may provide an optional description about the data they have access to (e.g., the Lead Agency may have data for only licensed programs, only programs caring for children receiving CCDF subsidies, only providers participating

in quality improvement systems, or only for certain age groups (e.g., infants and toddlers or school-age children).

a) Data on the child care workforce. Indicate if the Lead Agency or another agency has access to data on:

Data on the size of the child care workforce. Describe (optional):

Information is captured in the Child Care Information Tracking System (CCATS) for all licensed programs.

Data on the demographic characteristics of practitioners or providers working directly with children. Describe (optional):

b) Does the State/Territory have a workforce data system, such as a workforce registry, which tracks workforce demographics, compensation, and qualifications and ongoing professional development for practitioners working with children birth to age 13?

**Definition** - For purposes of this section, a workforce data system refers to a system, such as a workforce registry, that tracks the size and characteristics of the child care

workforce, including longitudinal data to monitor changes over time. The data system also can produce records to validate and verify qualifications or ongoing professional development for licensing, accreditation, QRIS, wage incentives, and credentials.

Yes.

b-1) If yes, which roles are included in the workforce data system? For each role checked, indicate in your description whether participation is voluntary or mandatory.

Staff working directly with children in centers, including aides, assistants, teachers, master teachers. Describe:

The Child Care Administrative Tracking System (CCATS) captures information for all staff working in child care facilities. Mandatory

Providers working directly with children in family child care homes, including aides and assistants. Describe:

The Child Care Administrative Tracking System (CCATS) captures information for all staff working in child care facilities. Mandatory

Administrators in centers (including educational coordinators, directors). Describe:

The Child Care Administrative Tracking System (CCATS) captures information for all staff working in child care facilities. Mandatory

Technical assistance providers (including mentors, coaches, consultants, home visitors, etc.).
Describe:

Education and training staff (such as trainers, CCR&R staff, faculty). Describe:

The Child Care Administrative Tracking System (CCATS) captures information for all approved trainers and training. Mandatory

Describe:

None.

b-2) Does the workforce data system apply to:

■ all practitioners working in programs that are licensed or regulated by the State/Territory to serve children birth to 13?

all practitioners working in programs that receive public funds to serve children birth to age 13?

🗖 No.

c) **Performance measurement.** What, if any, performance measures does the State/Territory use related to its workforce and professional development systems?

Increased participation in the Maryland Child Care Credentialing program and an increase in the number of providers at the various credentialing levels.

d) **Evaluation.** What, if any, are the State/Territory's plans for evaluation related to its workforce and professional development systems? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically.

Johns Hopkins University Center for Technology in Education, working in conjunction with MSDE, has developed a QRIS Evaluation Study to conduct a formative evaluation of the QRIS model and academic research into the quality, effectiveness and impact of QRIS models. The evaluation plan includes development of a logic model for all aspects of QRIS administration, including the workforce and professional development system. The system will allow the State to gain information concerning the qualifications of staff, their participation in the Maryland Child Care Credentialing program (professional development) and link that to the school readiness of the children that were in their care.

# 3.4.7 Goals for the next Biennium -

In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies are not required to establish a goal for each sub-section in 3.4. What are the State/Territory's goals for the building the professional development system and improving conditions for the workforce in the coming biennium? What progress does the State/Territory expect to make across the five key elements for the workforce and professional development

#### system described above?

#### Core of Knowledge and Competencies:

Revise the Credentialing program to include specific trainings at levels two through four in the core of knowledge areas.

Implement the revision to the Maryland Child Care Credentialing Core of Knowledge requirements. Distribute new outcomes to the training community and make new training available to the child care community.

Revise the data system to implement the changes.

#### **Career Pathways:**

Implement Individual credentialing and alternative certification for Child Care Teachers.

#### **Professional Development Capacity:**

Continue to provide funding through the Child Care Career and Professional Development Fund (CCCPDF) for providers and center staff to attain degrees in early childhood education or related fields. Continue to provide technical assistance to child care providers and center staff through regional child care resource and referral agencies. Continue to provide access to a statewide training calendar for professional development.

#### **Access to Professional Development:**

Continue to provide access to a statewide training calendar with approved trainers and organizations offering approved training for professional development.

Continue to provide Information on early childhood conferences throughout the state.

#### Compensation, benefits and workforce conditions:

Continue to provide achievement bonuses and vouchers for trainings.

#### MFN Market Rate Survey Description-

Updated for 2011

Maryland Family Network (MFN) collects and maintains information on all licensed and regulated child care facilities in Maryland. MFN provides rate information that collected within the past 24 month period. Because MSDE attempts to collect this information from the entire population of regulated providers, there is no sample population or sample selection per se. The information is based on responses from the entire population of providers.

Rate information is entered into the provider database primarily through an annual questionnaire. Providers also may update fee information on the MFN website. The 2010 Group Questionnaire is <u>here(pdf)</u>. The 2010 Family Questionnaire is <u>here(pdf)</u>.

Each year, every regulated provider is asked to update their information via a questionnaire. Follow up phone calls are made to gain information from providers who have not returned the questionnaire and for clarification when needed. Information is also updated by counselors when making referrals and by providers either on-line or via phone calls to MFN's provider support line. Updating rate information is an ongoing, continuous process. The target is accurate, reasonably current, rate information on the whole population of providers.

The market rate data is prepared as follows:

- Fee information for the requested age groups, types of care, and regions is selected from the database of licensed providers.
- MFN maintains fees based on age in years. If the requested age grouping is multi-year (e.g. "infant", comprising 0-11 months and 12-24 months) then fees are processed as follows: fees for each year are summed, then divided by the number of non-zero values, for example, if a provider reports fees of 125 dollars for 0-11 months and 100 dollars for 12-24 months, then the averaged fee for 0-24 months for that provider would be 112.5 (125+100 = 225, divided by 2 fees equals 112.5)
- The non-zero fees for each category are rank ordered in a spread sheet. The appropriate counts and percentiles are calculated (using Excel functions) and the entire sheet is sent to MSDE for analysis and reporting.

Response rate is the percentage of providers who have updated their fees in any of the ways listed above in the 24 months prior to the market rate data set. In other words, if the rate information requested is for January, 2011, then only rate information collected since January 1, 2009 would be included in the data set.

For family, center, and school-age providers as of January 2011, the overall response rate (percentage with fee information updated since January 2009) is 72.5%. For family providers the response rate is 75.6%, for centers it is 67.0%, for school-age it is 50.5%.

#### Findings on the 2011 market rate data

RESI analyzed the market rate data for 2011 and found that current Child Care Subsidy rates represent the 14th percentile of the 2011 market rates. (This overall figure was derived by

weighting the percentiles of the various geographic, care type and rate type groupings by their November 2011 population counts, so it does represent how the percentiles are experienced by the current subsidy population.)

There are differences in the four logical subdivisions of the State's formal rate structure, as shown in the table below, ranging from the 20th percentile for Family Infant rates to the 10<sup>th</sup> percentile for Center Regular rates.

Current Rates as Percentiles for Formal Provider Groups							
	Family Rates	Center Rates					
Infant Rates	20th	19th					
Regular Rates	17th	10th					

Further disaggregating the rate percentiles shows the following:

	Infa	ant	Regular			
Region	Family	Center	Family	Center		
U	11th	27th	14th	10th		
V	17th	33rd	17th	16th		
W	18th	10th	10th	9th		
Х	11th	12th	9th	12th		
Y	14th	15th	13th	14th
