Grants

- When will I receive the stabilization grant? I submitted the application on Aug 7th.
  - Given the rolling basis of grant application review, the MSDE anticipates that it will complete the processing of grants as early as the beginning of October 2022. The MSDE will complete all award processing by October 28, 2022. This means: the MSDE will have submitted all awards to the Comptroller for payment issuance on or by this date. After the MSDE sends payment information to the Comptroller for processing, providers can expect to receive funds from the state 3-4 business days for ACH (direct deposit) payment or within 30 days for checks sent via regular mail. Please note that post office delays can result in further time between payment processing and check receipt.
- Why are the forms so hard to complete for the new rebuild grant? It seems so difficult.

The grant opportunity designed to support the state’s child care system in utilizing federal funds to stabilize, strengthen, and sustain the child care system

## Scholarship

- How does the student scholarship work for the provider? Does the provider still receive her tuition rate or is it discounted?
  - If the "student scholarship" is the "child care scholarship" that is issued to children determined eligible to receive a child care scholarship, then, the answer is as follows: Parents are issued a scholarship based upon the Payment Region in which the child care provider reside and the Unit of Care Authorized.
    1. If the provider's tuition rate is less than the reimbursement rate of the Child Care Scholarship, then, the scholarship will reimburse at the provider's tuition rate minus the "assigned parental co-pay."
    2. If the provider's tuition rate is higher than the reimbursement rate of the Child Care Scholarship, then, the scholarship reimburses based upon the region in which the licensed or registered child care program is located minus the "assigned parental co-pay." The parent is expected to pay the "difference" not covered by the sum of the scholarship reimbursement and the parent's "assigned copay" that is provided on the child care scholarship.
