Program Description

The Child Care Career and Professional Development Fund (CCCPDF) is a tuition assistance program for child care providers to earn a college degree from a college or university serving child care providers who work in Maryland. Funding is available for child care providers to earn a college degree in the following areas:

- Early Childhood Education;
- Child Development;
- Elementary Education; or
- Special Education

The Maryland State Department of Education (MSDE) Division of Early Childhood Education has been administering the program since 2008. Currently, 24 Institutes of Higher Education (IHEs) participate in the program, supporting nearly 422 child care providers pursuing a college degree. Last year, 47 child care providers completed a college degree through this program.

The Blueprint for Maryland's Future implores MSDE to require all public and private providers to meet high-quality standards to receive public funding. To achieve that, MSDE has established programs including the Child Care Career and Professional Development Fund to assist program staff and Pre-K teachers in achieving State certifications, higher education degrees, and high-quality professional development.
