Please only submit using one method.

Email is the best option to avoid busy signals and receive immediate confirmation for your records.

MAKE

The

SWITCH

IN SWITCHING TO OUR NEW CHILD CARE SCHOLARSHIP VENDOR, PLEASE MAKE THE FOLLOWING SWITCH:

Make the SWITCH	WHY?
Only use one method to send documents to CCS Central 2.	Sending the same document by email, fax or mail slows down processing, because we have to process and reject the duplicates
<u>DO NOT resend</u> information (INVOICES, Attendance Audits, etc.) already sent by fax, email or mail to CCS Central.	All documents sent to <u>CCS Central</u> will be forwarded to <u>CCS Central 2</u>, our new CCS vendor. If you resend what you already submitted, you will slow down payment processing due to the duplicates having to be rejected. (CCS Central Fax & email will receive documents up to 12:00pm (noon) on April 30, 2021)
Emailing is the best option for submitting documents to CCS Central 2, if you have the ability to scan and upload your documents.	You will not get a busy signal upon transmission; you will receive a confirmation that the document was received and you will always have a copy of the information sent.
