PARENT'S STATEMENT OF UNDERSTANDING

The terms, responsibilities and conditions for payment for informal care are listed below:

My signature on this Informal Provider Health & Safety Standards & Child Care Provider Agreement Form Acknowledgement indicates that I have read or have had this Parent's Statement of Understanding read to me. I understand and agree that:

1. Maryland law states that it is a misdemeanor to fraudulently get, or try to get, public aid. This means deliberately saying something false or pretending to be someone else. It also includes not reporting changes in household circumstances or income. Punishment for this is repayment, a fine of up to \$1,000, and a possible prison sentence for up to three years and/or loss of child care funds.
2. Informal care includes relative and non-relative child care. **Informal Relative Care** is child care provided by a relative in my home or in the relative's home. Informal Care IS NOT regulated. I am responsible for monitoring and choosing another provider, if the quality of care is not acceptable to me. A relative is a person related to a child by blood, marriage or adoption. Relatives eligible to receive CCS payment are: **great-grandparent, grandparent, aunt, uncle, or an older sibling of the child who is at minimum age 18 or older and not included in the parent's Child Care Scholarship household count.** MSDE requires proof of relationship between the child and the relative informal child provider. Examples of verification used to determine relationship are: birth certificates, marriage licenses or other state or government issued documents that establish the approved degree of relationship. Non-relative care must be provided in the child's home only. The non-relative informal provider and the child's home are monitored at least yearly. The non-relative informal provider must successfully complete training(s) required by MSDE and remain in compliance with the health and safety standards. Payment for informal care is not approved until MSDE approves the informal provider.
3. Parents, stepparents, legal guardians and members of the same Temporary Cash Assistance (TCA) unit are not eligible for payment.
4. Before payment is made to an informal provider I have selected, the provider, any adult 18 years or older and living with the informal provider and any adult with a regular presence in the informal provider's home, when a child is in care, regardless of where care is given, must each sign the Informal Provider Consent form, consenting to a review and evaluation of child abuse or neglect records concerning them.
5. If the person I have selected as my informal provider, any adult 18 years or older and living with the informal provider, and any adult with a regular presence in the informal provider's home when a child is in care, regardless of where care is given, refuses to sign the consent form, payment will be denied.
6. If the person I have selected as my informal provider is not approved, I will be asked to select a different provider.
7. The CCS program may deny the initial request for payment or may stop payment if a review and evaluation of child abuse and neglect records reveal that the informal provider or an adult regularly present in the provider's home, when child care is provided, has been identified as an individual responsible for "unsubstantiated" or "indicated" child abuse or neglect.
8. The CCS program may deny payment or may stop payment if it has information that the health or safety of my child is at risk with the provider.
9. The consent form must be signed at least every year.
10. I must pay the provider the assigned parental copayment listed on the scholarship each month at a time set by the provider. The provider will give me a receipt for copayments I make. The CCS program will pay the provider biweekly after receiving a completed invoice.
11. The scholarship must be completed, signed and returned to the CCS program within 60 days of the date of authorization on the scholarship. If I do not return the scholarship within 60 days, it is void. Payment will not be made to the provider for care provided if the scholarship is void.
12. The provider must allow me to visit my child while he or she is in care and to see the areas of the home used for child care.
13. I understand that the location where child care is provided will be inspected to determine compliance with the Health and Safety Standards. Inspections will occur prior to Provider approval, at renewals, and through unannounced inspections.
14. I understand the provider must be at least 18 years old.
15. I understand that the Department of Human Services local department of social services' Child Protective Services unit will investigate any complaint of mistreatment, neglect, or abuse that occurs while my child is in care.
16. I understand it is my responsibility for making sure all children are correctly buckled up in accordance with Maryland's child Passenger Safety Laws Transportation Article 22-412.2(Child Restraints).

INFANTS	Infants should be placed in the back seat, rear-facing until they are 2 years old and weigh at least twenty pounds.
TODDLERS	Toddlers should use a fully upright, forward-facing child seat after the child reaches 2 years old and weighs between 20 and 40 pounds.
PRESCHOOLERS	Preschoolers should remain in a safety seat with a harness system until 40 pounds. After 40 pounds, it is time for a booster seat to raise the child so that the vehicle lap and shoulder belt fit correctly. Use a booster seat until your child weighs 60 to 80 pounds and is about four feet, nine inches tall.
SCHOOL AGE CHILDREN	School Age Children should remain in booster seats (see preschoolers). Never place the shoulder belt under the arm or behind the back. The safest position for a child is in the back seat until is the child big enough to use a safety belt.

18. I will contact the Health Department regarding any communicable diseases.
19. I will create for approval, along with the informal provider, an Emergency Preparedness Plan (EPP). The Emergency Preparedness Plan Form will be completed, signed and dated prior to approval as an informal provider.
20. I will create for approval, along with the Informal Provider, an Emergency Preparedness Kit (aka Emergency Ready-to-Go Pack). The informal provider and MSDE or the designated vendor will review the Emergency Preparedness Kit during the initial monitoring inspection, at renewals, and during unannounced inspections.
21. I will prepare and keep up-to-date the Emergency Care & Medical Authorization Form. I will obtain my child's healthcare provider's signature. I will also coordinate, review and discuss the details with the Informal Provider. If medications are needed, I will provide them as appropriate.
